

# SOUL EATER 29

Post..

**Shocking revelations and  
Electric-eel creations**

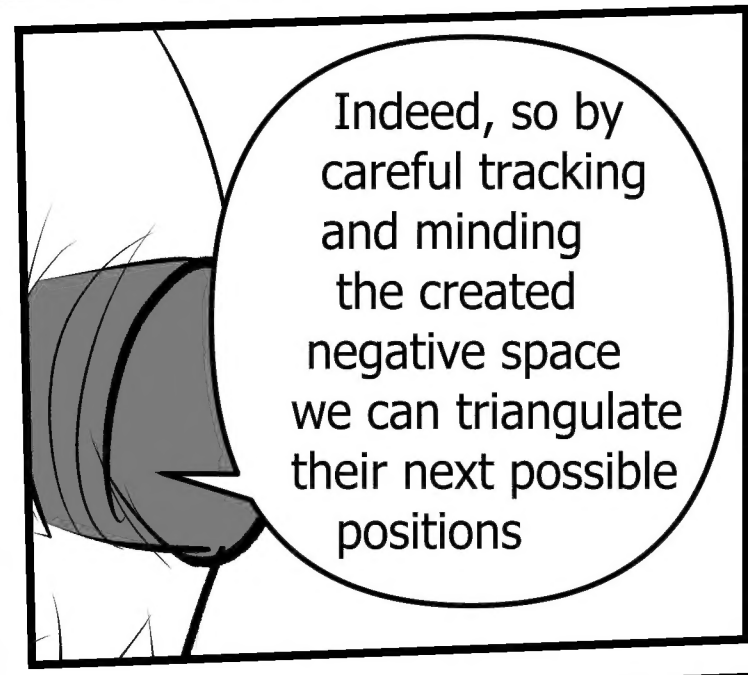

A character with short hair is pointing at a map on a wall. The map shows various locations connected by lines, with some areas marked with 'X' and others with dots. The character is wearing a dark jacket.

These are all the locations, from the most to least likely

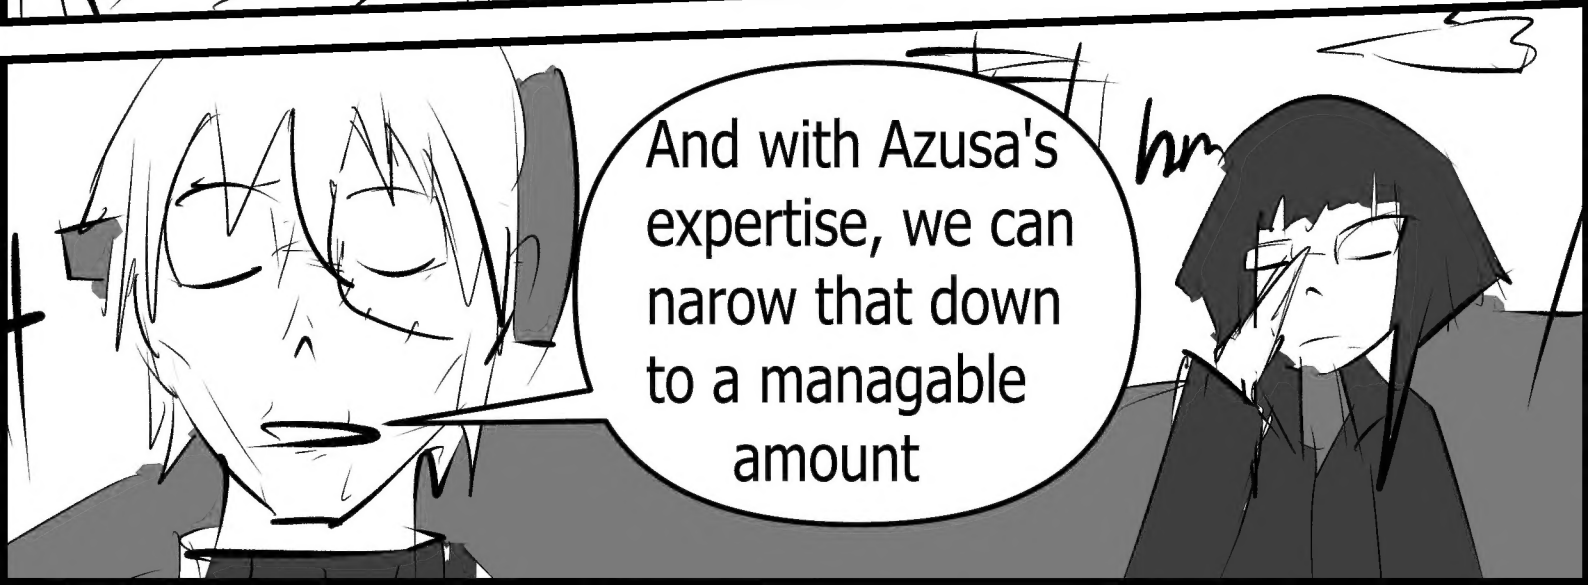

These witches are a tricky bunch, but we ain't stupid either

A character with dark hair is looking up, possibly at the map. They are wearing a dark jacket.

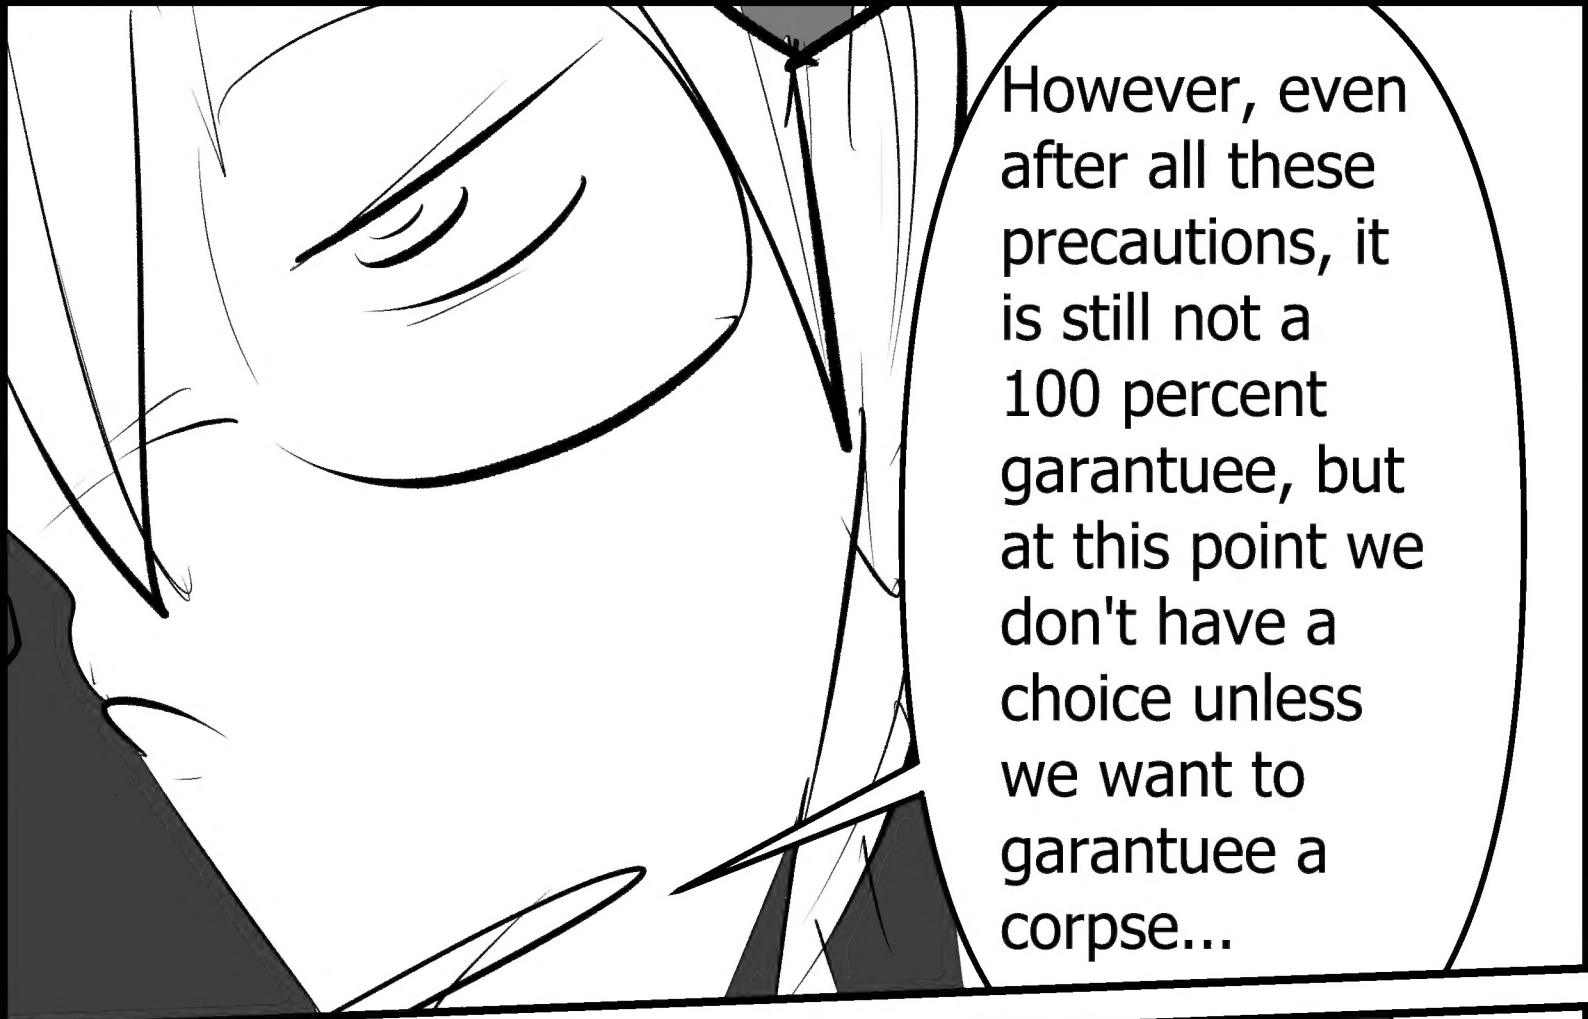

Even if they teleport around, they'll leave a ruckus behind

A character with dark hair is speaking. They are wearing a dark jacket.

Indeed, so by careful tracking and minding the created negative space we can triangulate their next possible positions

Two characters are shown. On the left, a character with short hair is speaking. On the right, a character with dark hair is listening. Both are wearing dark jackets.

And with Azusa's expertise, we can narrow that down to a manageable amount

However, even after all these precautions, it is still not a 100 percent guarantee, but at this point we don't have a choice unless we want to guarantee a corpse...

My Maka!  
We need to run!

Hold on everybody

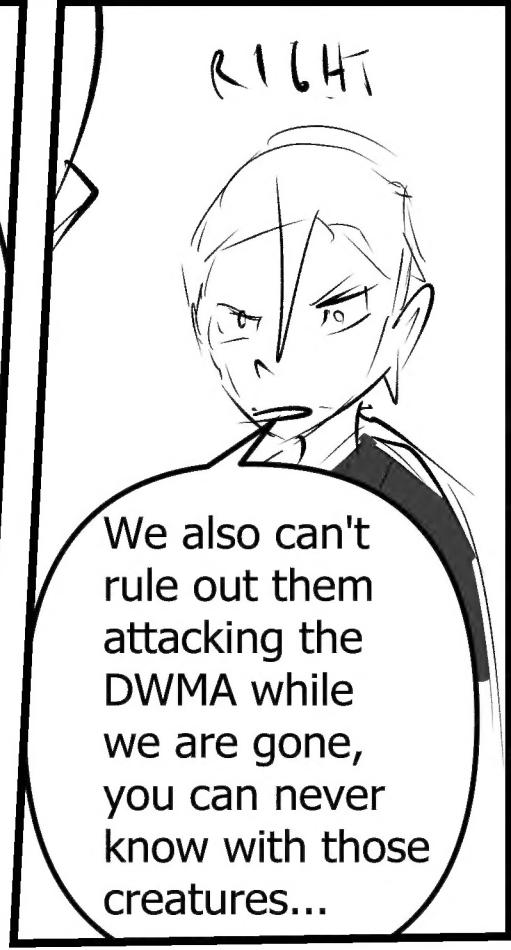

As some of you already know, you can never predict what a witch is gonna do next, so we \*cough\* don't need to rush into any of their traps

Yeah, those horrible-

Indeed, moving out in one large group would be too suspicious, we will have to organise into smaller units to cover more ground anyways

RIGHT

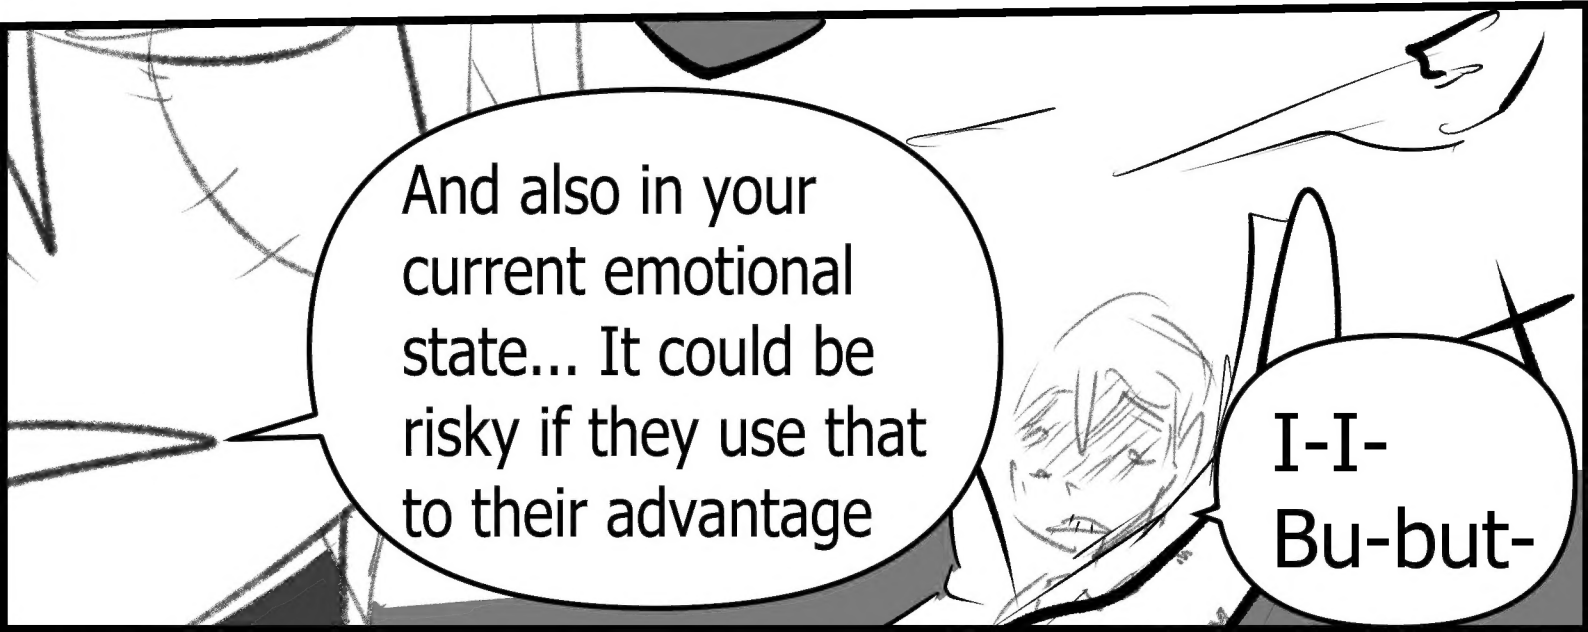

We also can't rule out them attacking the DWMA while we are gone, you can never know with those creatures...

That is correct Crona, so you can stay here and do that!

W-what, b-but I have to save Ma-

she will be more than happy that you protected the city!

And also in your current emotional state... It could be risky if they use that to their advantage

I-I-  
Bu-but-

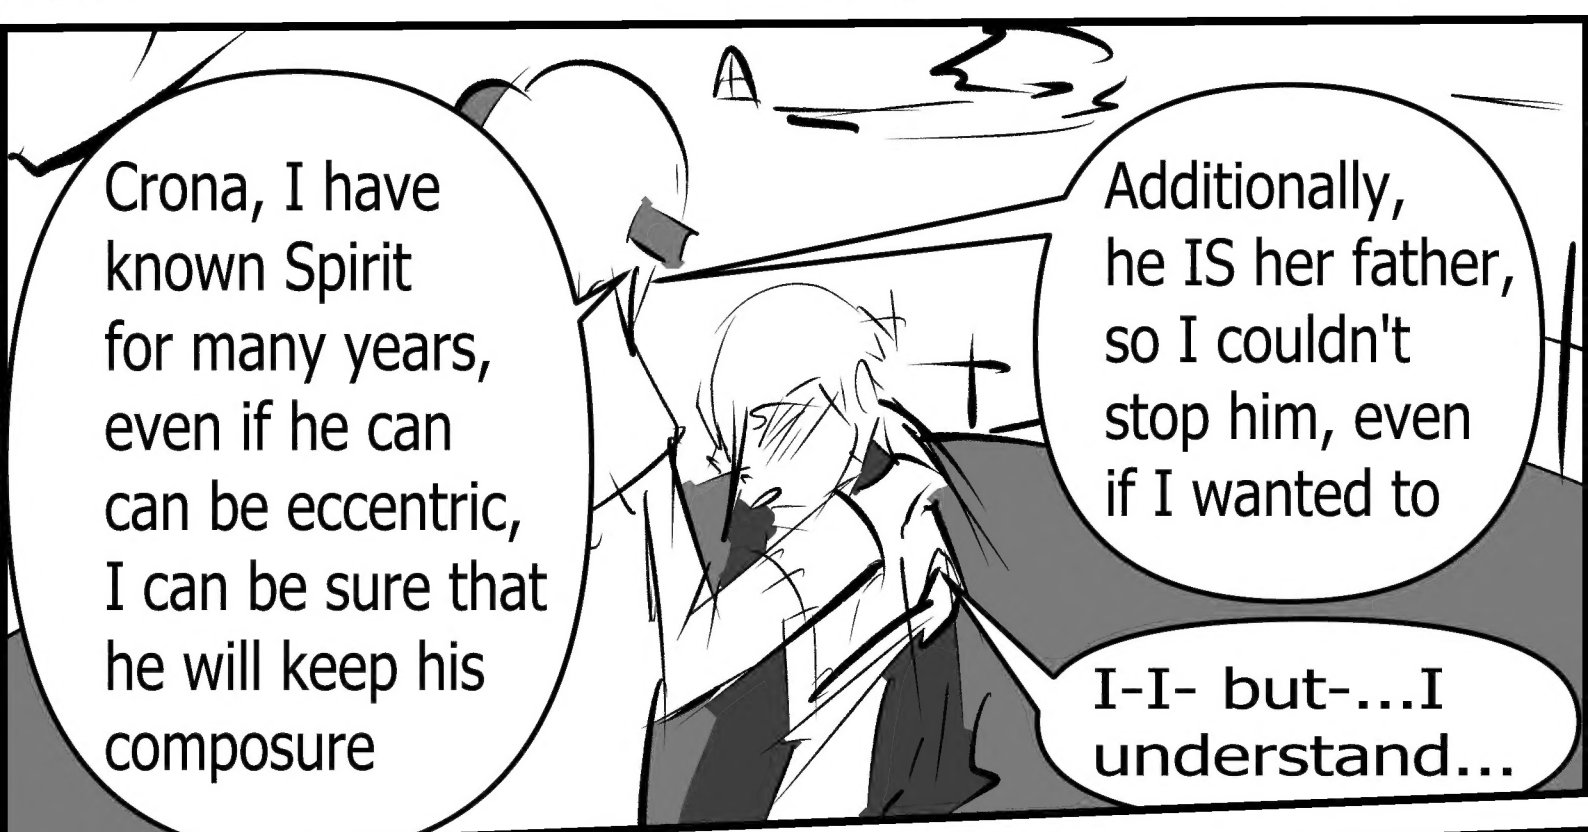

Then if it's about being "emotionally compromised", you wouldn't allow her father to go either

Maybe we shouldn't have told on him-

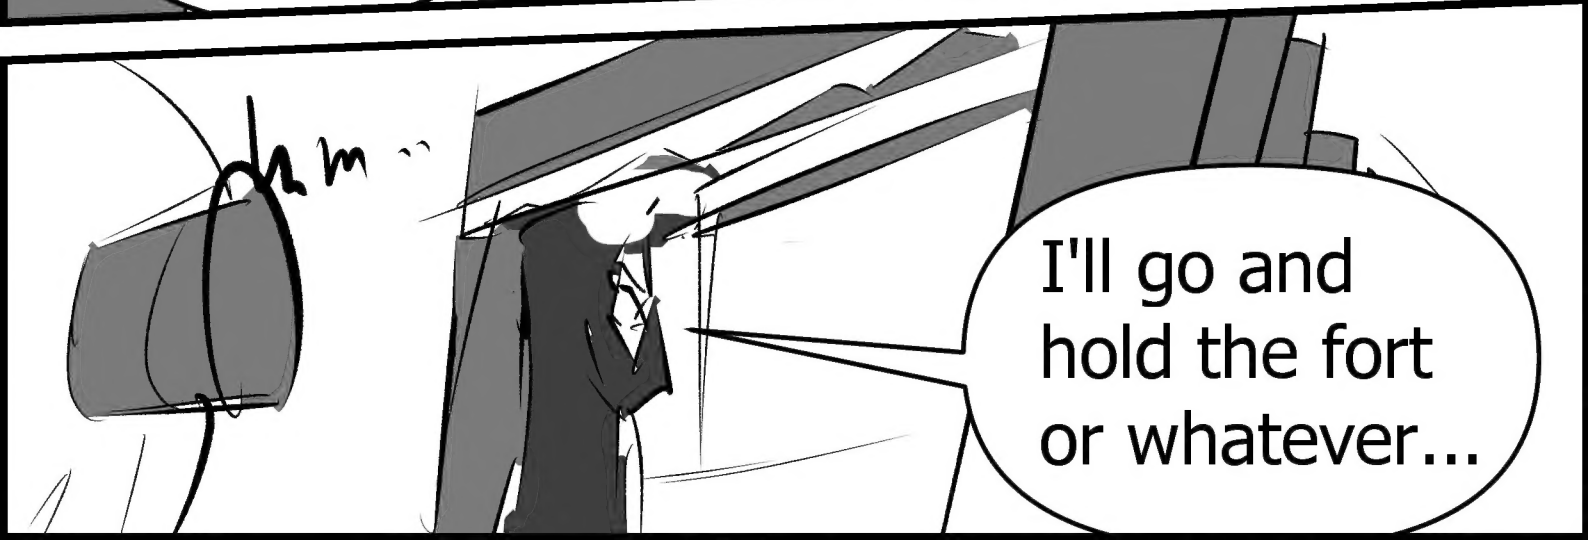

shh!

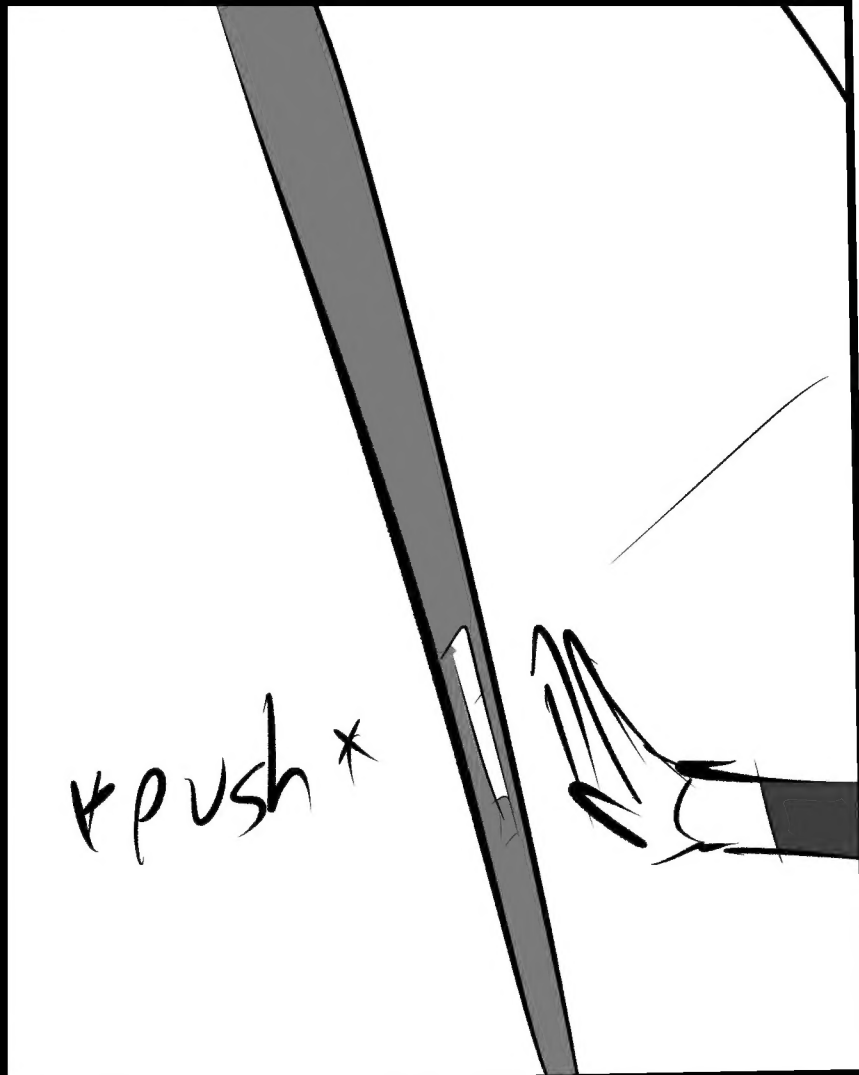

Crona, I have known Spirit for many years, even if he can be eccentric, I can be sure that he will keep his composure

Additionally, he IS her father, so I couldn't stop him, even if I wanted to

I-I- but-...I understand...

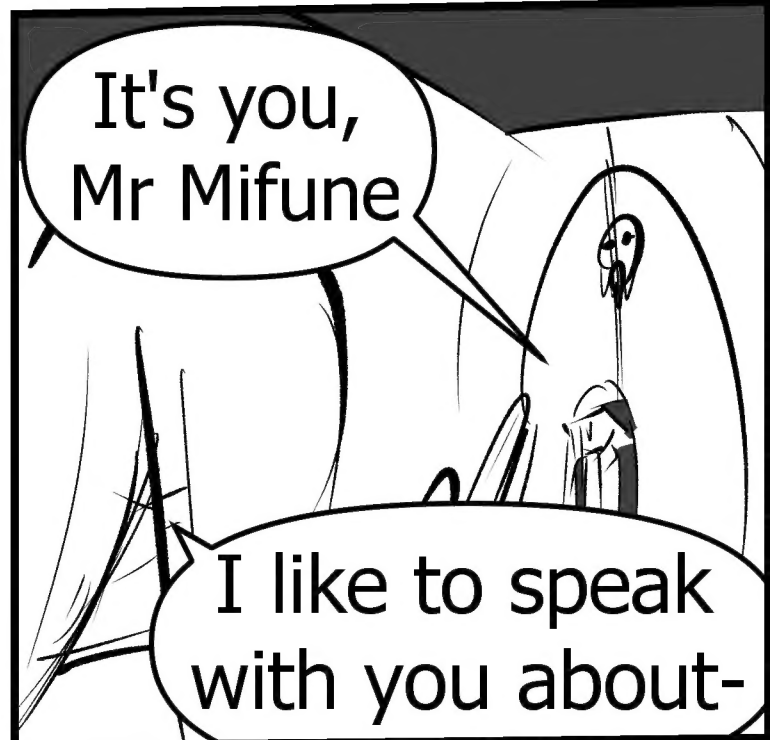

I'll go and hold the fort or whatever...

Mind the draft  
from the  
Deathroom kid

Huh-  
Oh...

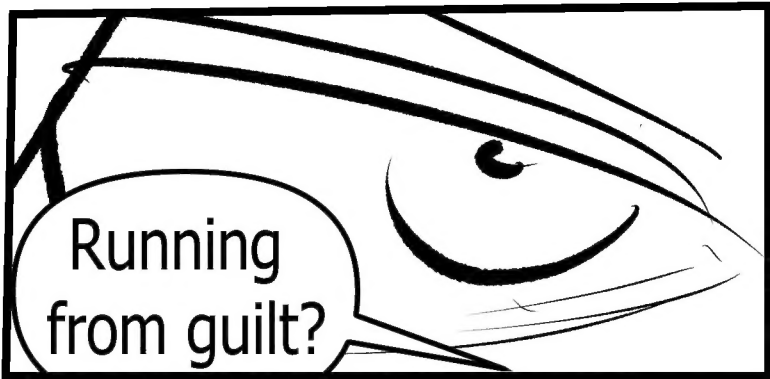

It's you,  
Mr Mifune

I like to speak  
with you about-

School is  
out, I'm  
going home

Running  
from guilt?

Who wouldn't after  
doing something  
like that

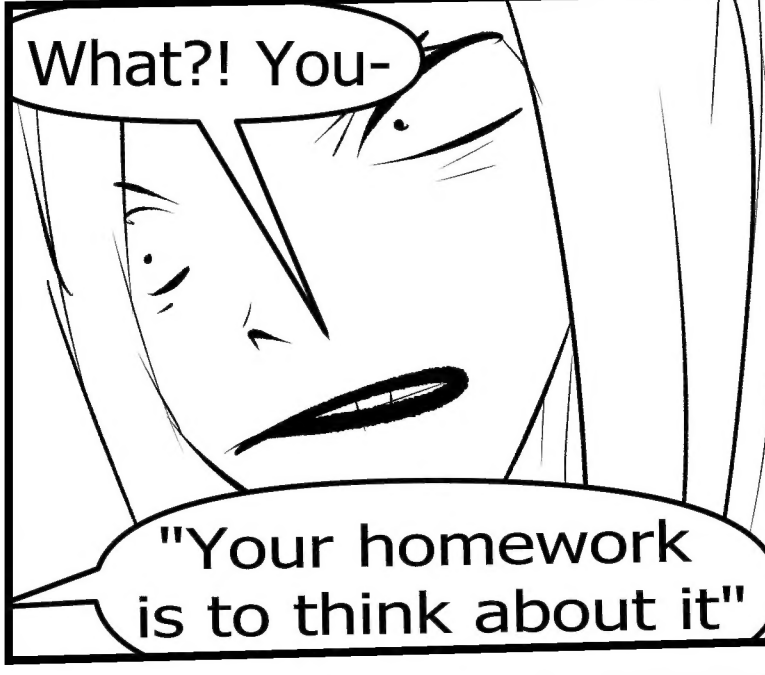

I should  
have known...

But I guess  
even after  
all, I didn't  
think you  
would do-

Do what? Not  
show mercy?

That's what you  
wanted, right?

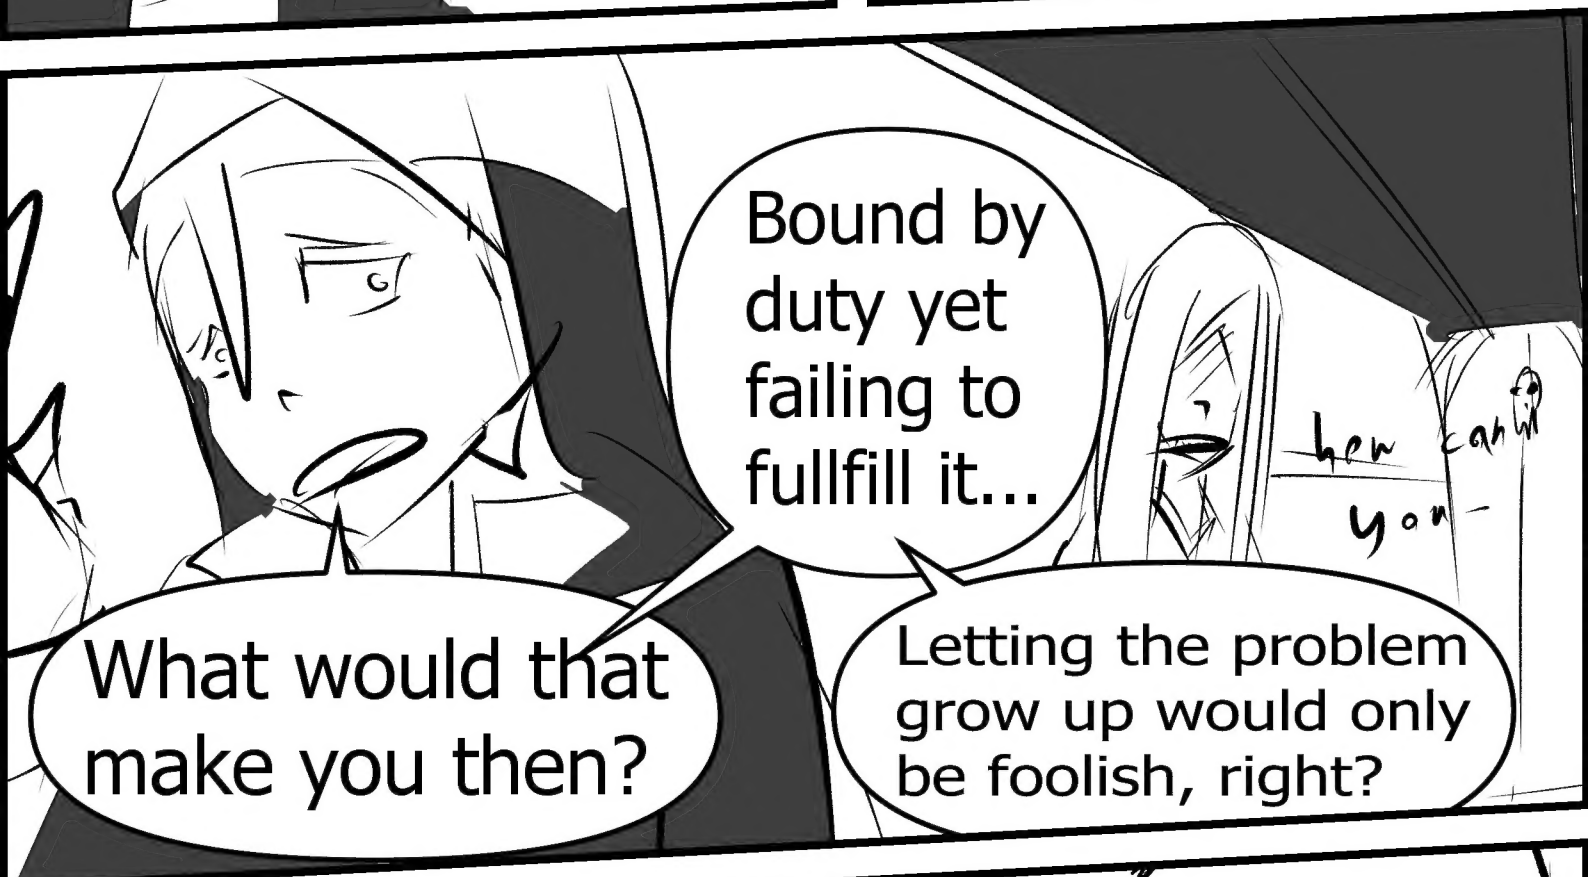

What?! You-

"Your homework  
is to think about it"

You said some people  
don't deserve to be  
redeemed, I thought  
about it, teacher,  
and you are half right

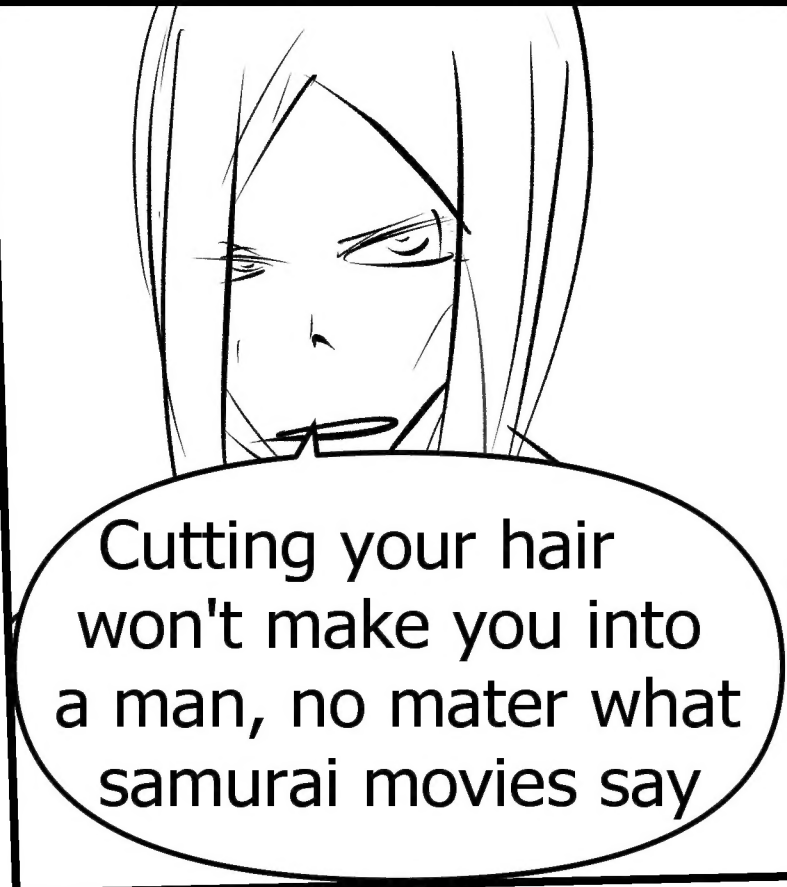

Instead of humans,  
it's them who don't  
deserve sympathy,  
I have seen the  
most vile man  
redeem himself  
but never a witch

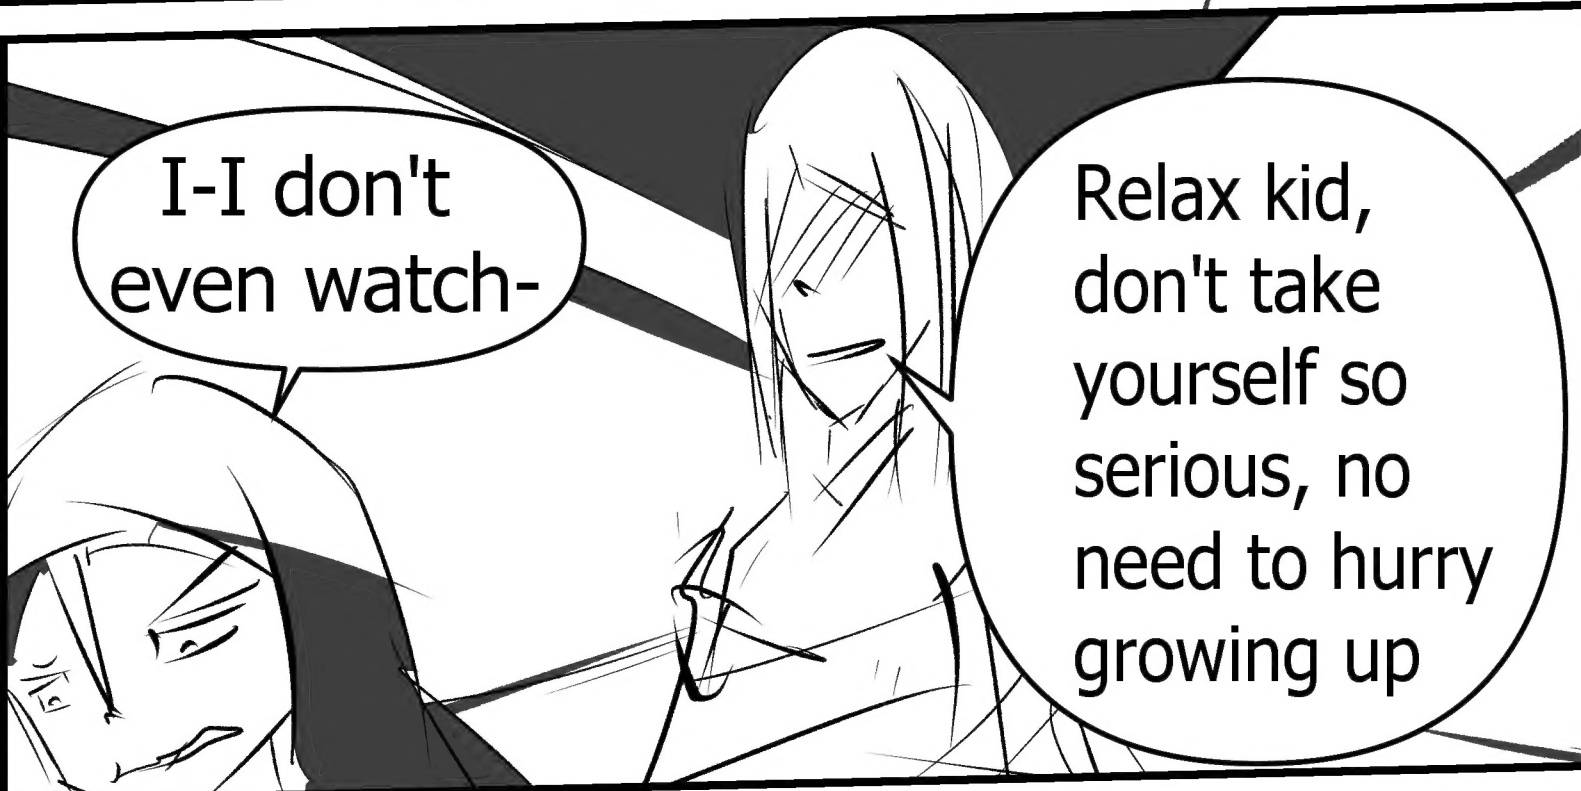

Hey, just  
a little  
piece of  
advice

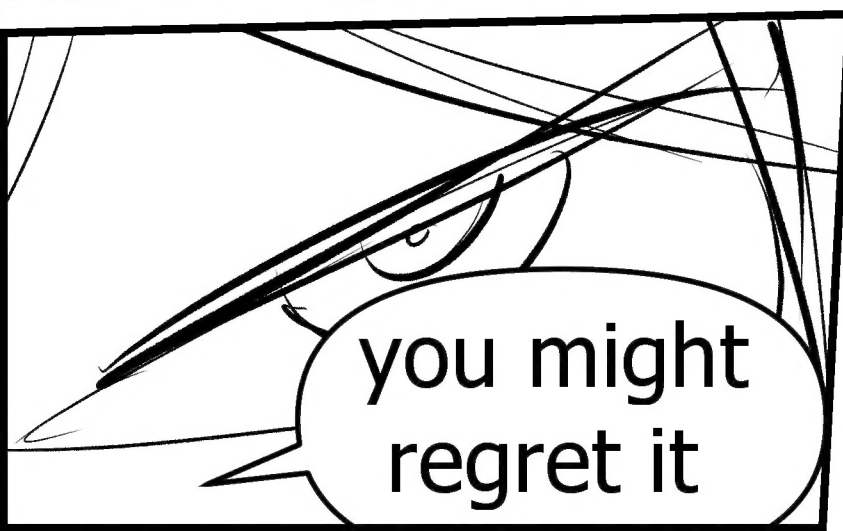

Cutting your hair  
won't make you into  
a man, no mater what  
samurai movies say

I-I don't  
even watch-

Relax kid,  
don't take  
yourself so  
serious, no  
need to hurry  
growing up

you might  
regret it

Because adults  
aren't free from  
consequences

one walk later

Man, that  
bullshido  
albino sure  
is a creep

Living with a witch  
too long does that

Just look at  
me for proof-

That's  
not true!

Thank you Ragnarok-

Yeah, it can't be true  
because then it would  
also apply to me!

It surely  
doesn't...

Hey where are  
we going, are you  
gonna sob in the  
corner of the garage?

**\*Ruck\***

No, I said  
no more  
crying

It's  
time  
for  
action

Hey, weren't we  
supposed to stay  
here and do nothing?

Yeah, so if any spie  
was in the meeting,  
they won't expect us

**\*tuck\***  
What a lame excuse

Yeah yeah, as  
lame as me

But the reason  
why we are  
is witches

I'm not lame-

Well you, um,  
got hurt in other  
ways, but what  
I mean is

We know how they  
think: schemes  
inside schemes

Endless plans,  
ways to play  
with their victims

Tch, your  
just overthinking  
it like allways

Maybe...

Or maybe only I can get it, being  
cursed with their color...

So I have to turn the  
curse back onto them

Be as wicked as them  
and realise...

the two places  
that seem  
to be decoys

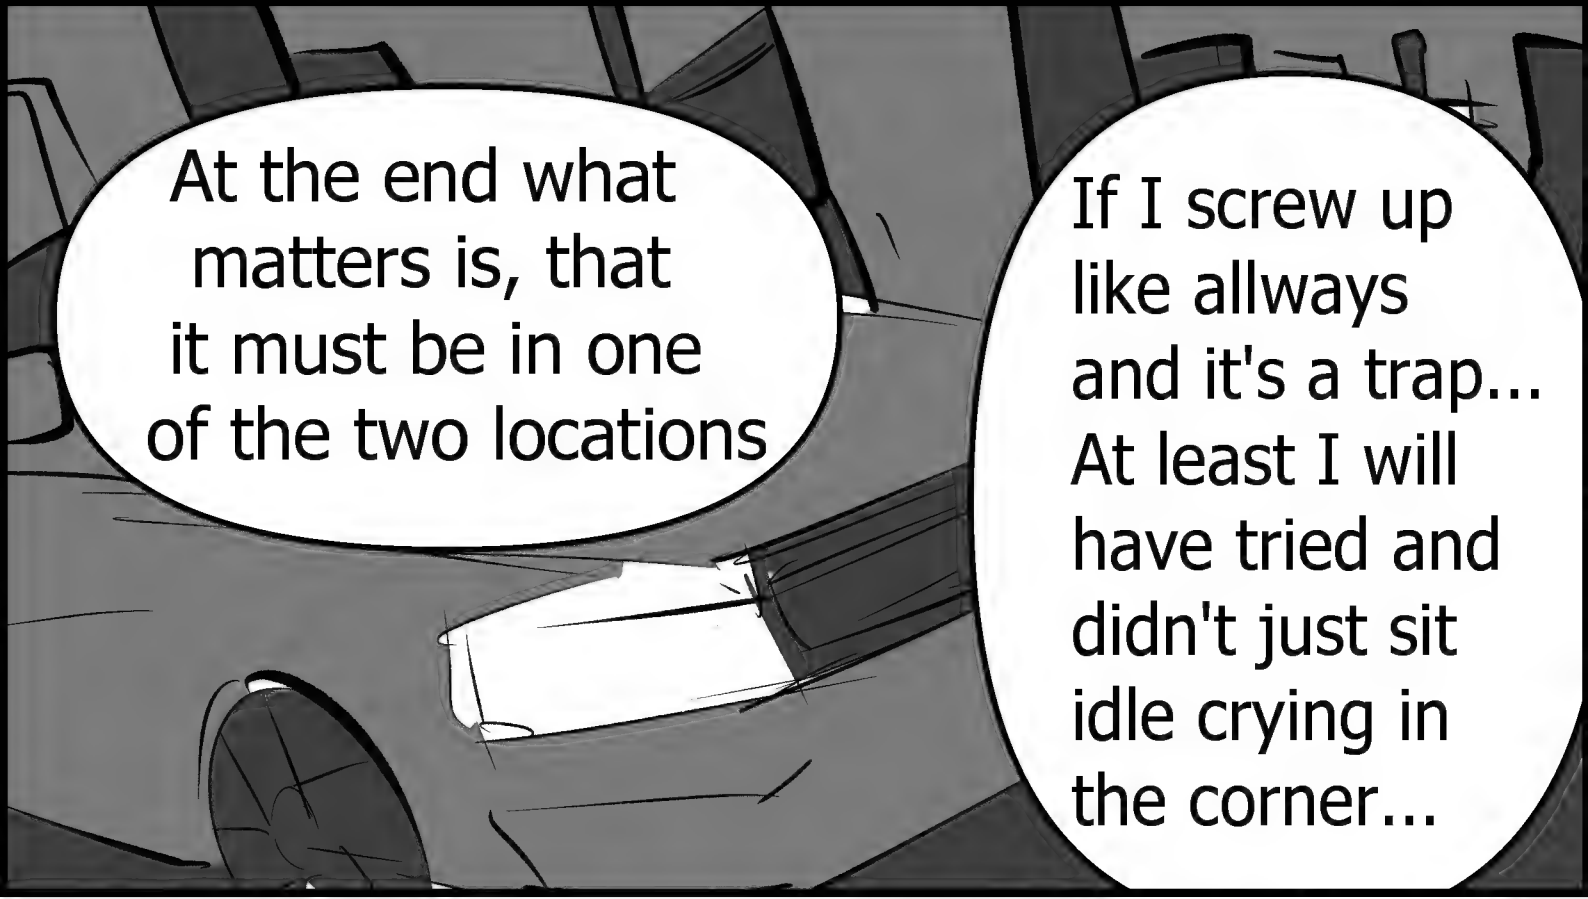

are the most  
likely to be  
where they are

It's a  
cointoss,  
so with  
my bad  
luck...

I guess I  
have to pick  
the one I  
wouldn't

Come on, the  
rest may be  
true, but the  
last part just  
sounds like  
stupid  
selfdepraciating  
pseudo-humor

That's better  
than usuall  
for me...

At the end what matters is, that it must be in one of the two locations

If I screw up like allways and it's a trap... At least I will have tried and didn't just sit idle crying in the corner...

Don't be so-

so dramatic

It will be so much fun either way!

ha he

ha, lets!

back in a place where  
factories aren't all abandoned..

Ugh, why do  
we have to  
stay, so boring

Well, I don't want  
to be asuming, but  
maybe they are afraid  
that you may be to  
"bombastic" for a  
stealth mission...

Good one  
Tsubaki,  
allways  
with the  
zingers

I didn't even  
use your  
smoke bomb  
form that often

Yeah yeah,  
just a joke...

But at least you are half  
right - after how Crona  
screamed, it makes sense  
why they wouldn't take  
him on a covert operation!

hmm..  
let's hope  
he's alright

But with how he cares about Maka...

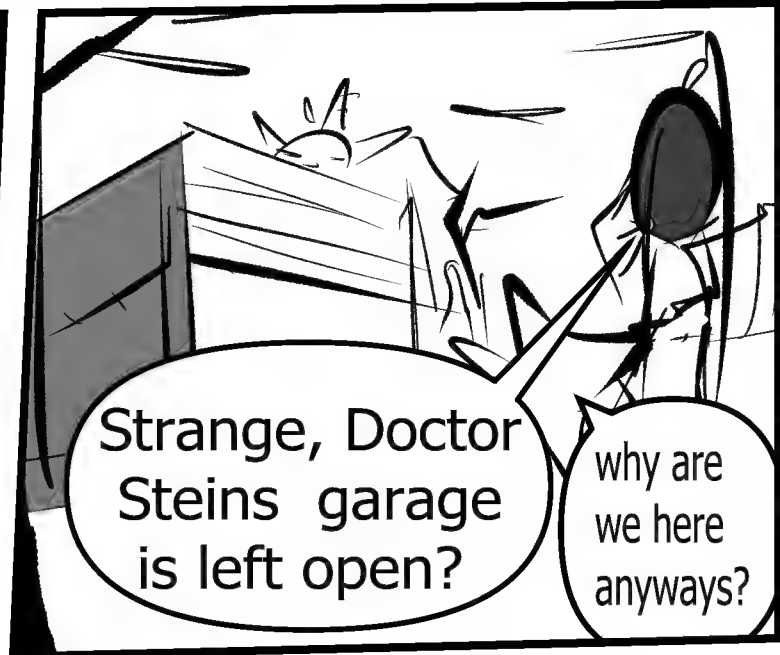

He wouldn't do anything rash, right?

Meh, doing something stupid without thinking would be better than his usual lame crybaby self

Atleast then he won't have time to hurt little kids

Strange, Doctor Steins garage is left open?

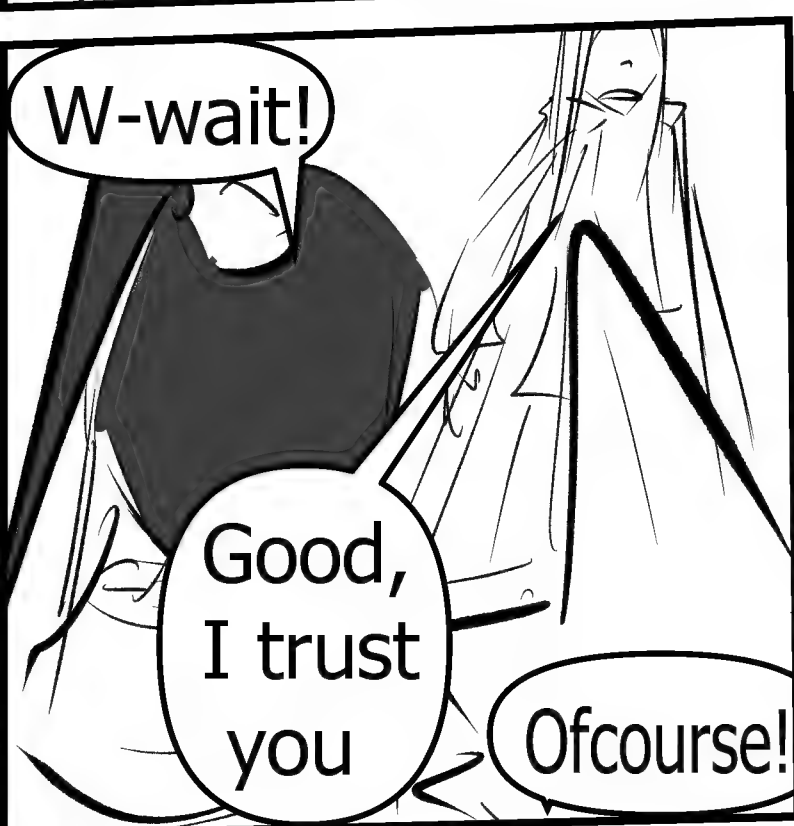

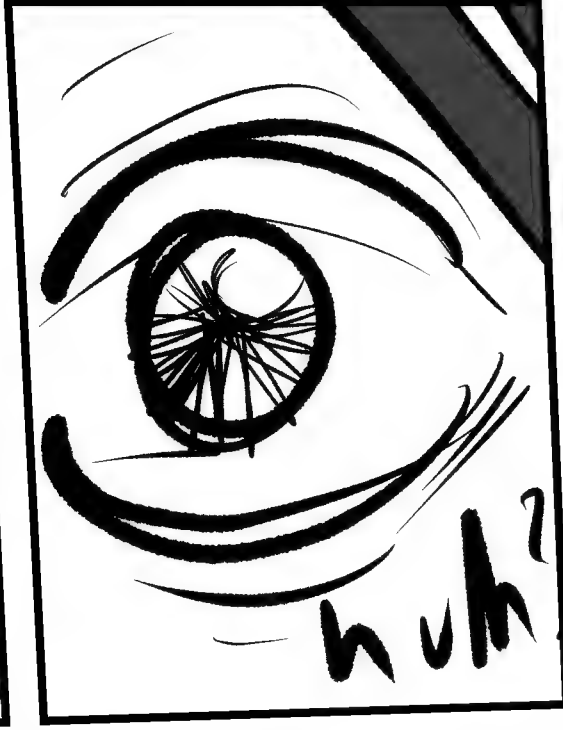

why are we here anyways?

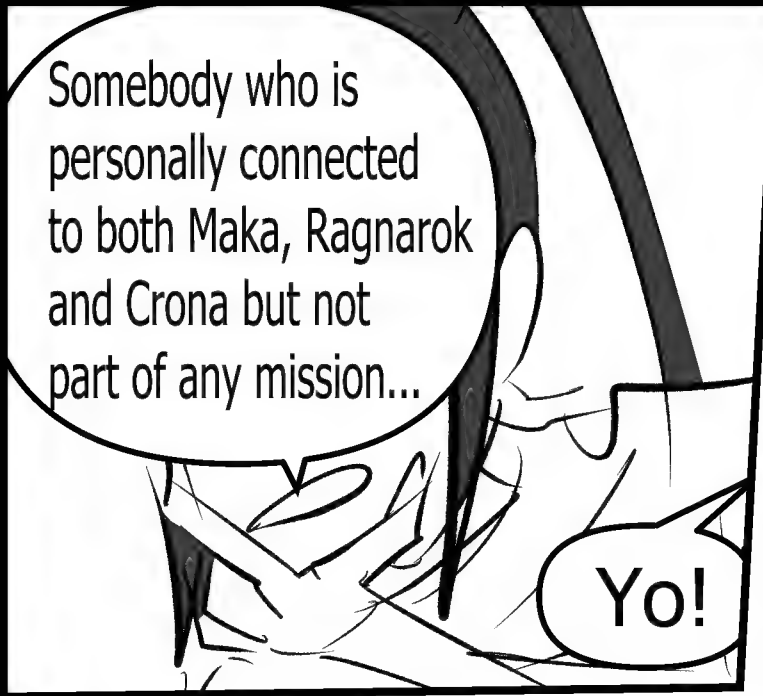

And these skidmarks... Just as if somebody drove away with a GTR without any real skill...

You don't have to insult the driver like that haha!

Somebody who is personally connected to both Maka, Ragnarok and Crona but not part of any mission...

Yo!

huh-

long time no see

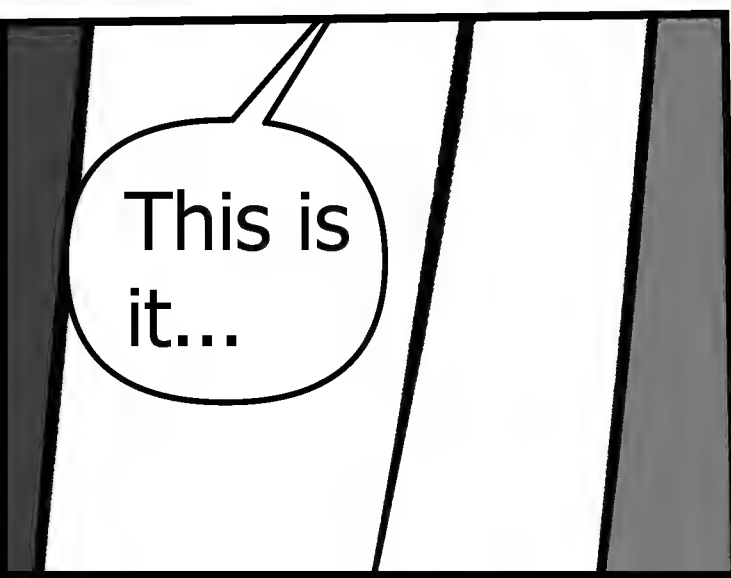

Ugh, were did I hear this voice before? To many small fries to keep track off

You better be worth my-

It's -

after all this time -

I can't feel Maka...

A spell to  
cloud her,  
or worse-

No, I can't  
even humor  
that!

I will save her

Ragnarok,  
get ready!

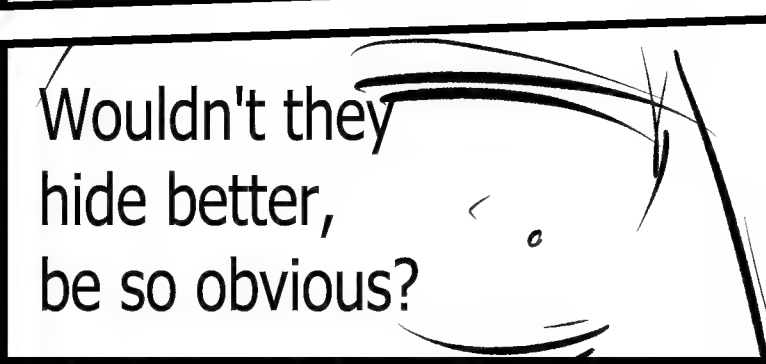

Something  
is wrong...

I sense some kishineggs  
and human souls but...

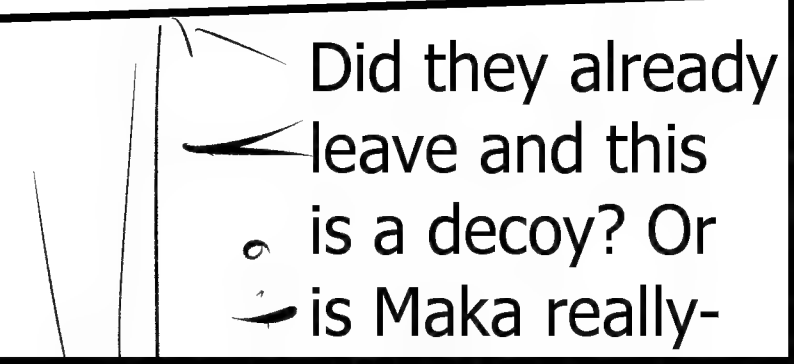

Are they simply  
using soul protect?

Wouldn't they  
hide better,  
be so obvious?

Did they already  
leave and this  
is a decoy? Or  
is Maka really-

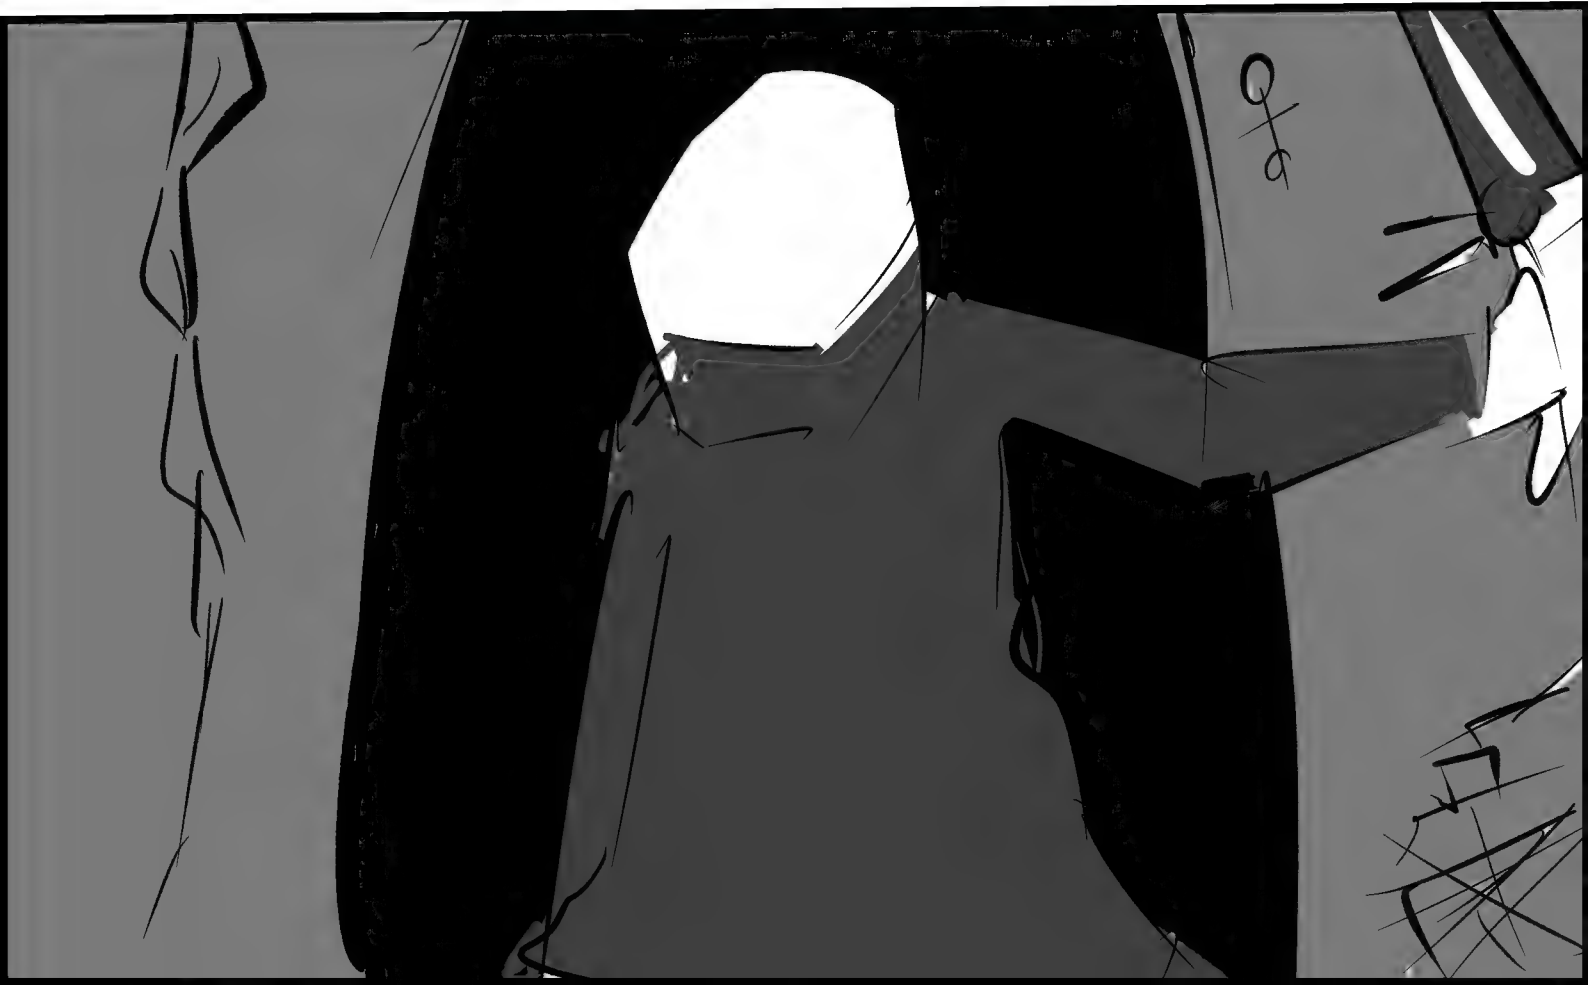

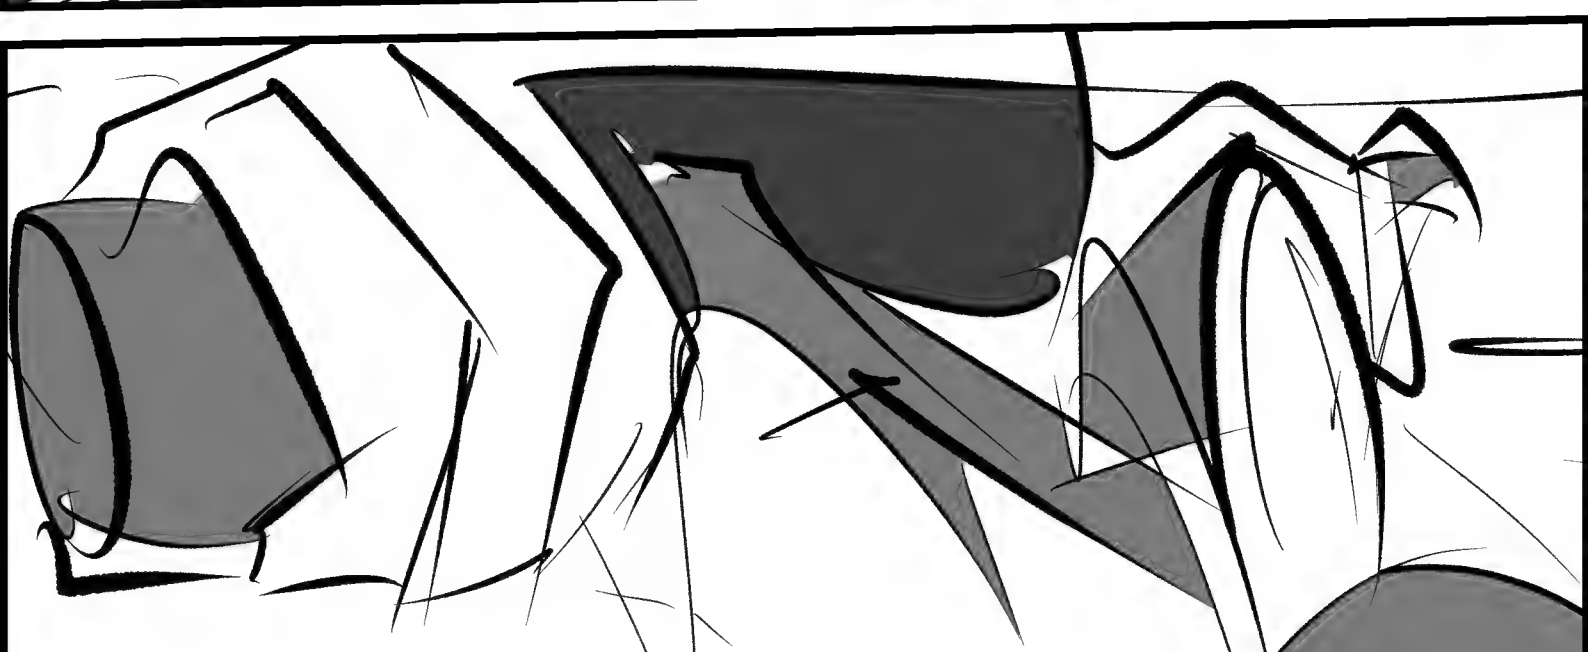

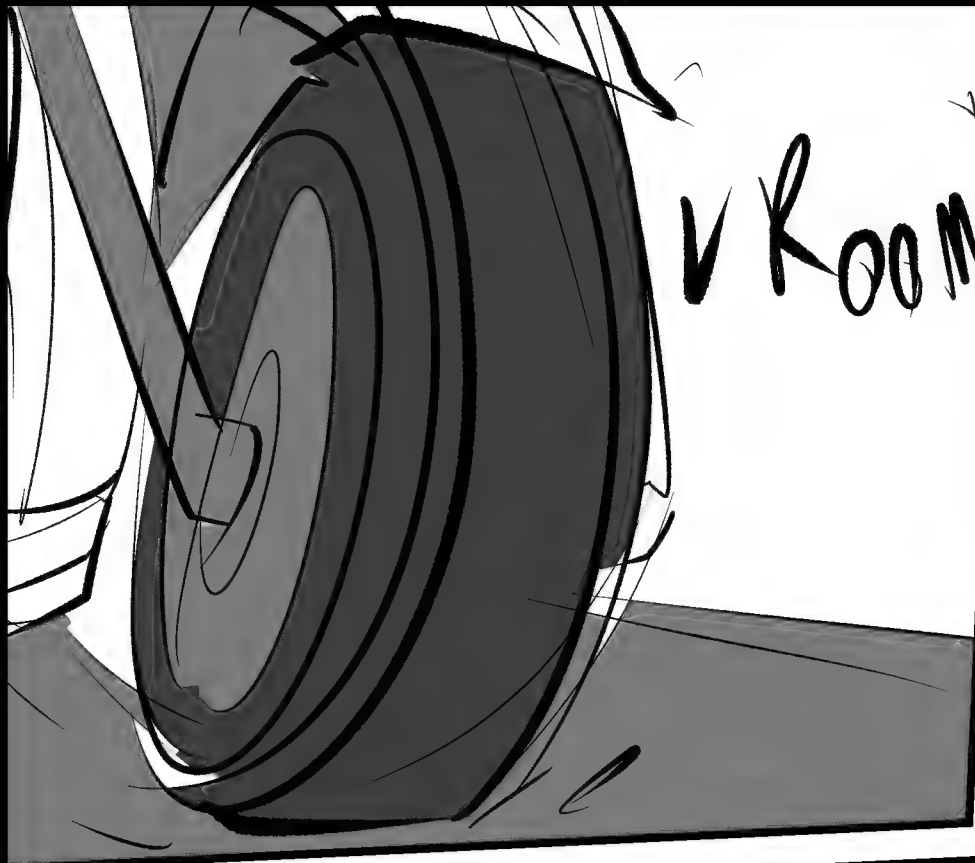

If that is the case...

I'll make their ends as painful  
and torturous as hers

Heh, that guy really is crazy,  
I hope I can make it in time...

Cause when  
he realises  
Maka isn't  
there:

uh

Who knows what could happen

this place

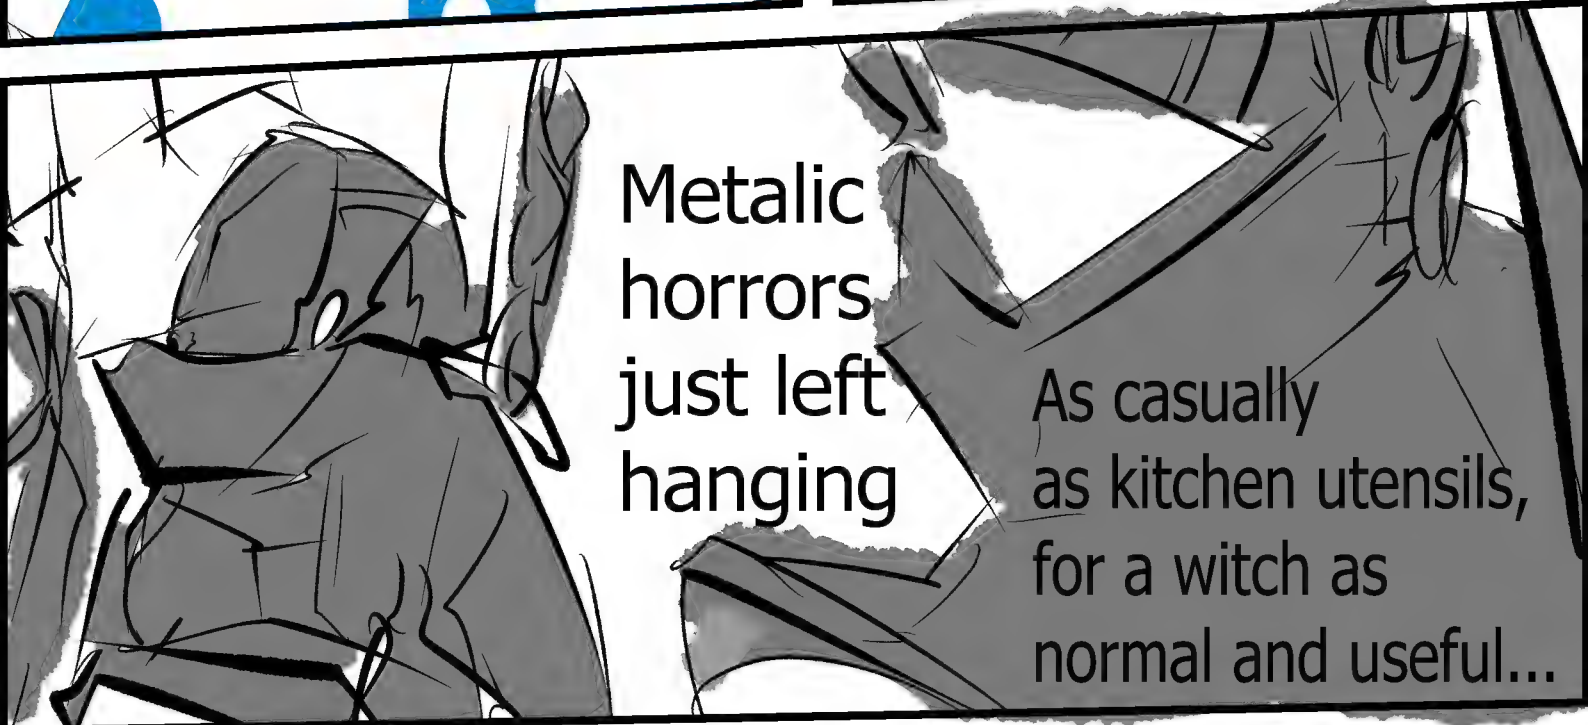

All these  
innocent  
souls slain  
by them

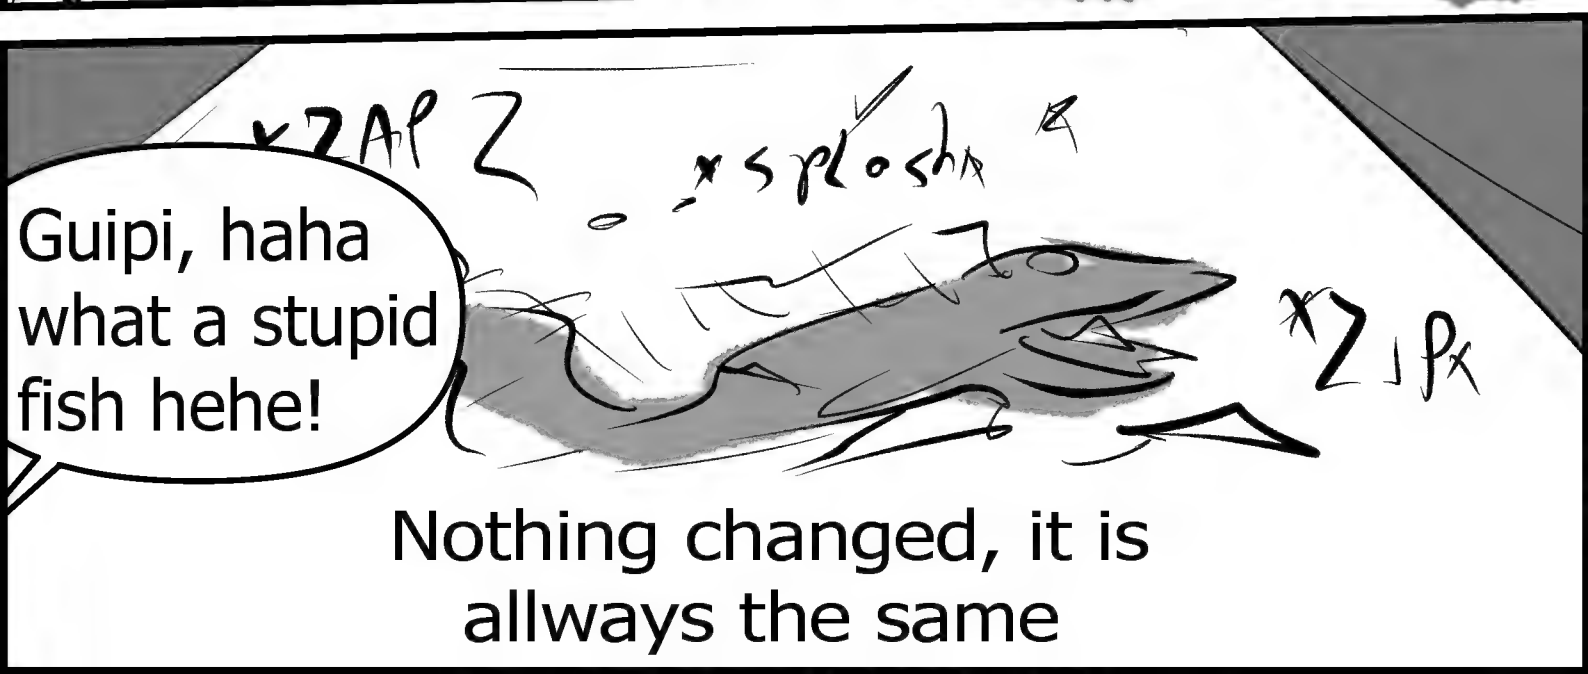

Others driven  
to madness  
and corrupted  
by them

Metalic  
horrors  
just left  
hanging

As casually  
as kitchen utensils,  
for a witch as  
normal and useful...

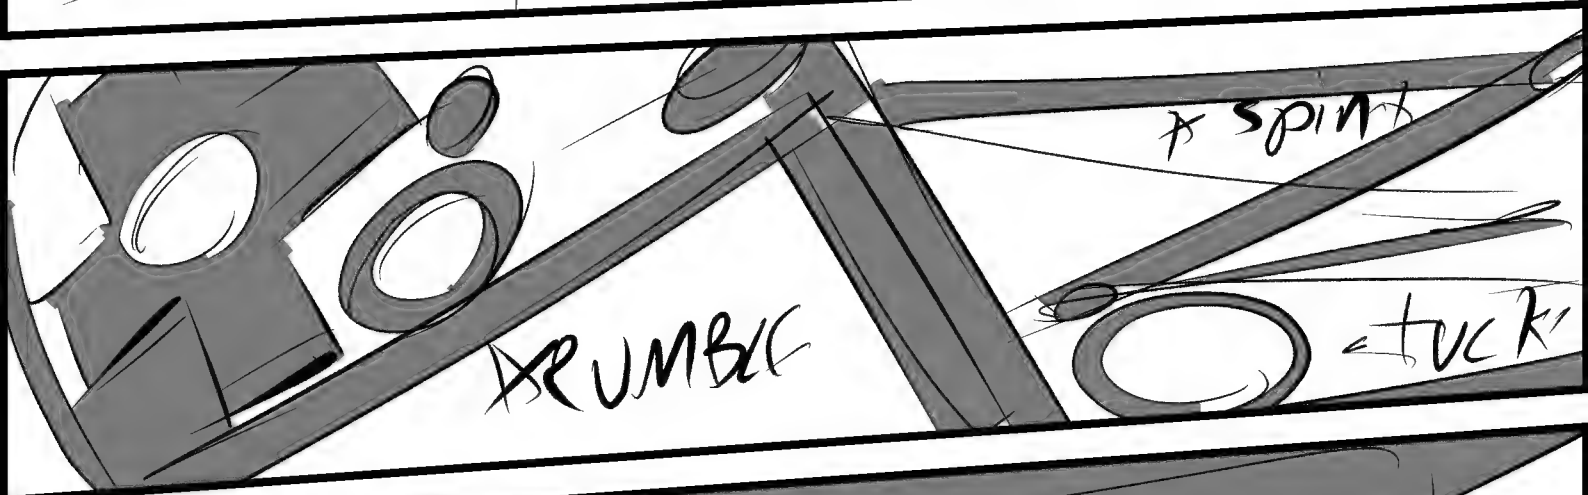

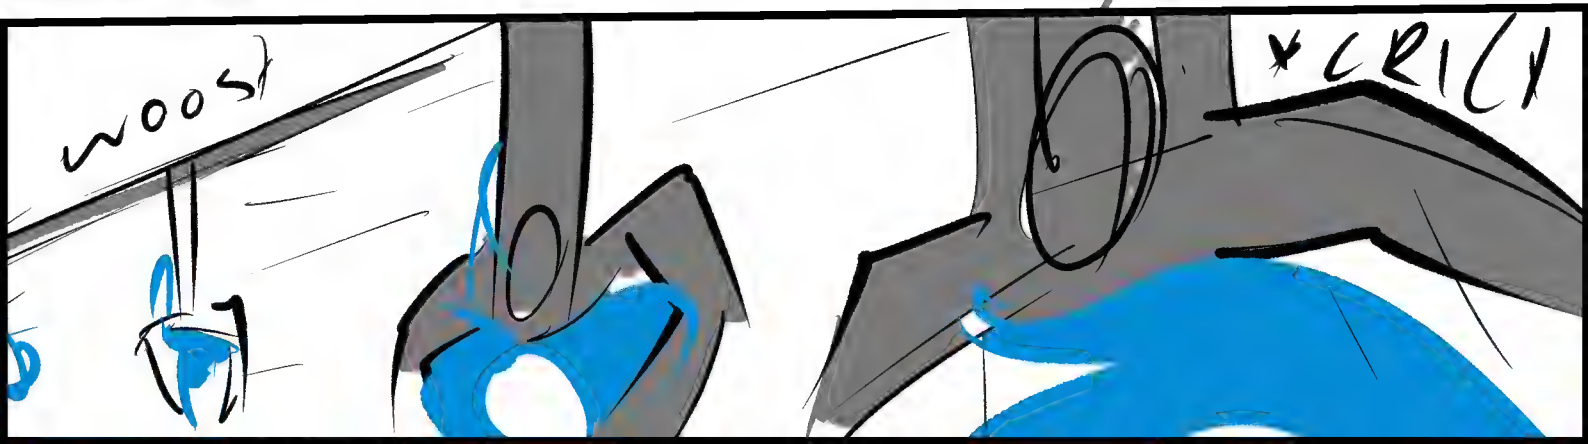

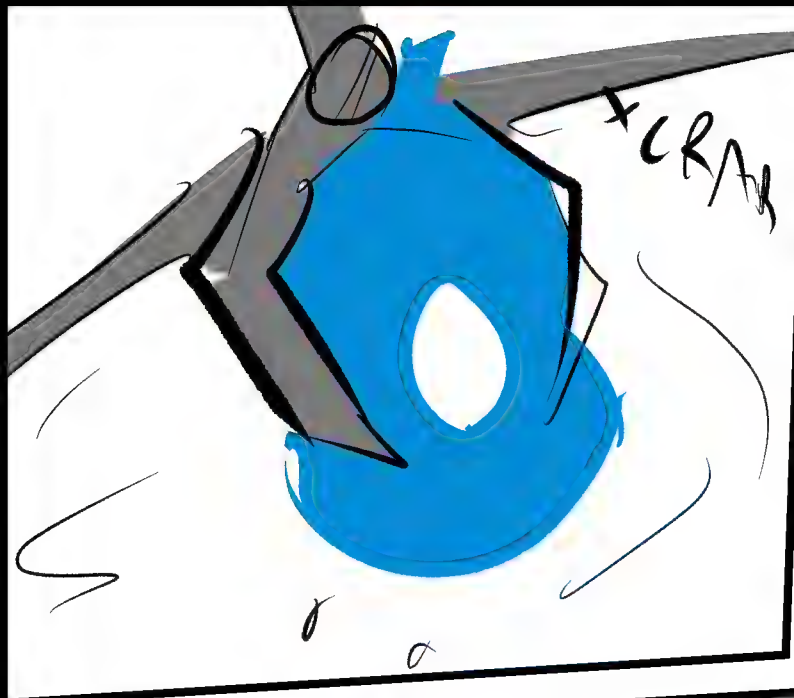

Guipi, haha  
what a stupid  
fish hehe!

Nothing changed, it is  
allways the same

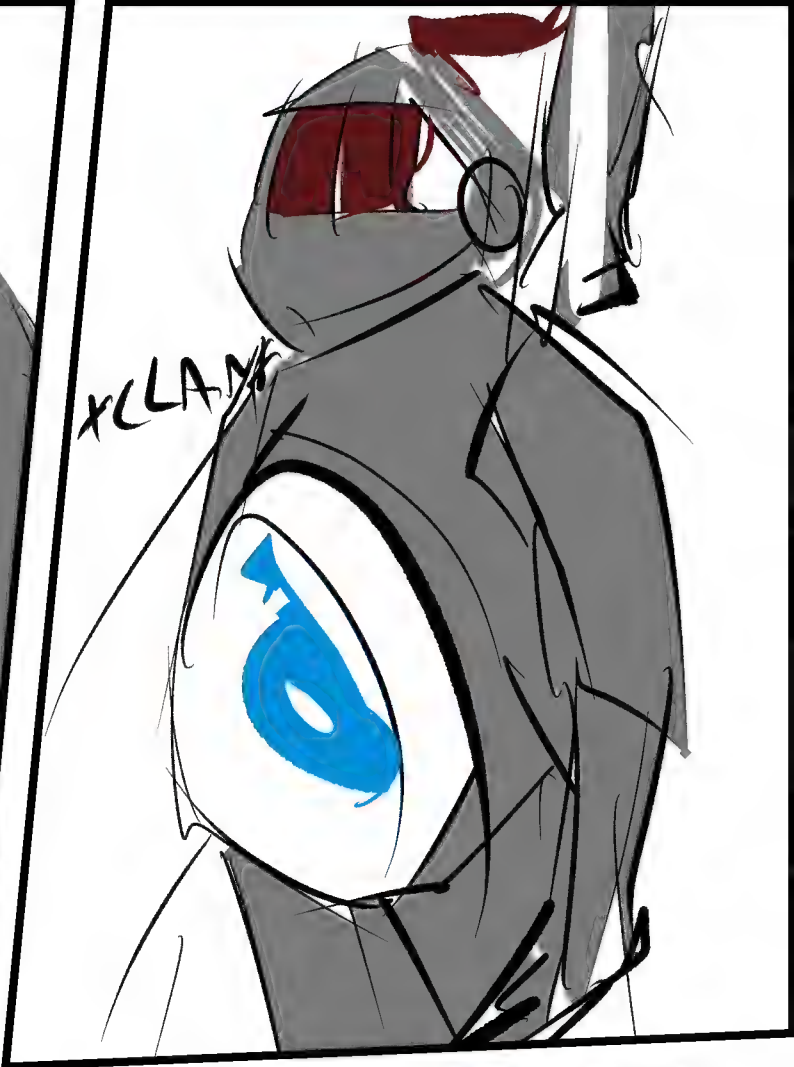

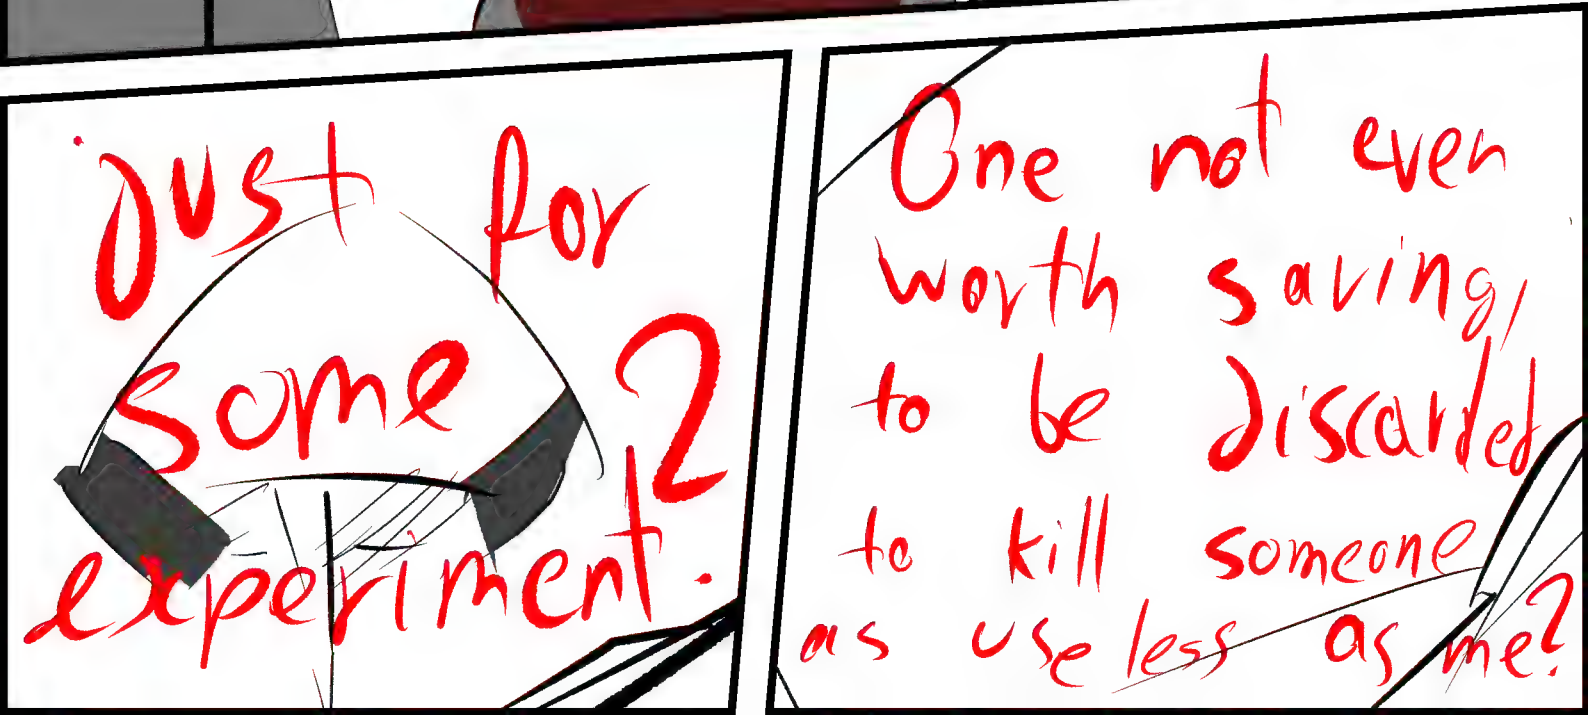

How many  
more?

How many slain,  
driven to despair?

just for  
some experiment?

One not even  
worth saving,  
to be discarded  
to kill someone  
as use less as me?

How many times, this endless cycle

A whole species living  
of human misery,  
rejoicing in it

h a h a --

h a h a --

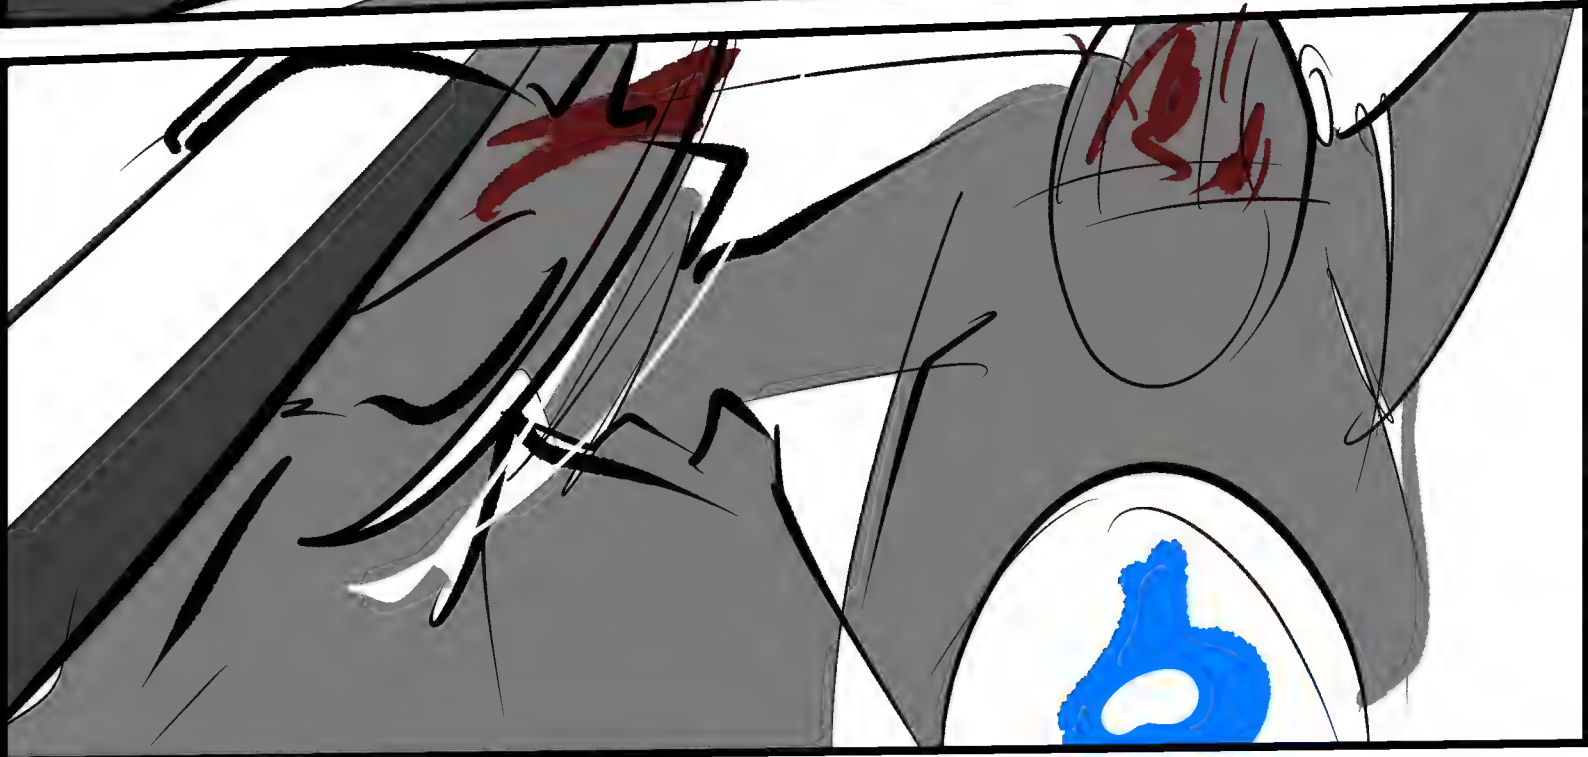

ACRACK

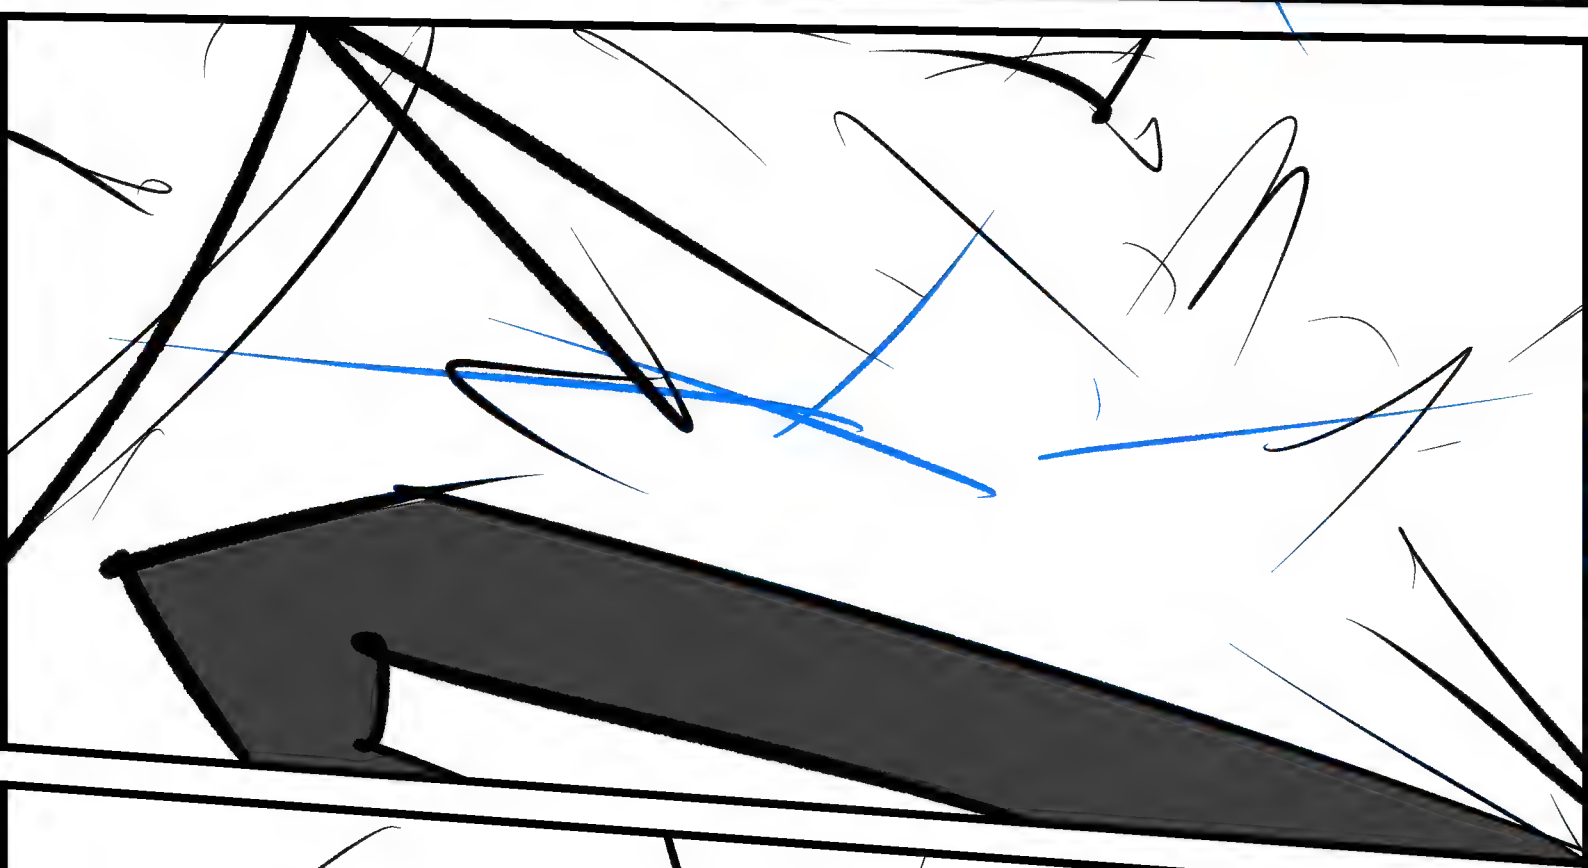

XLR!!

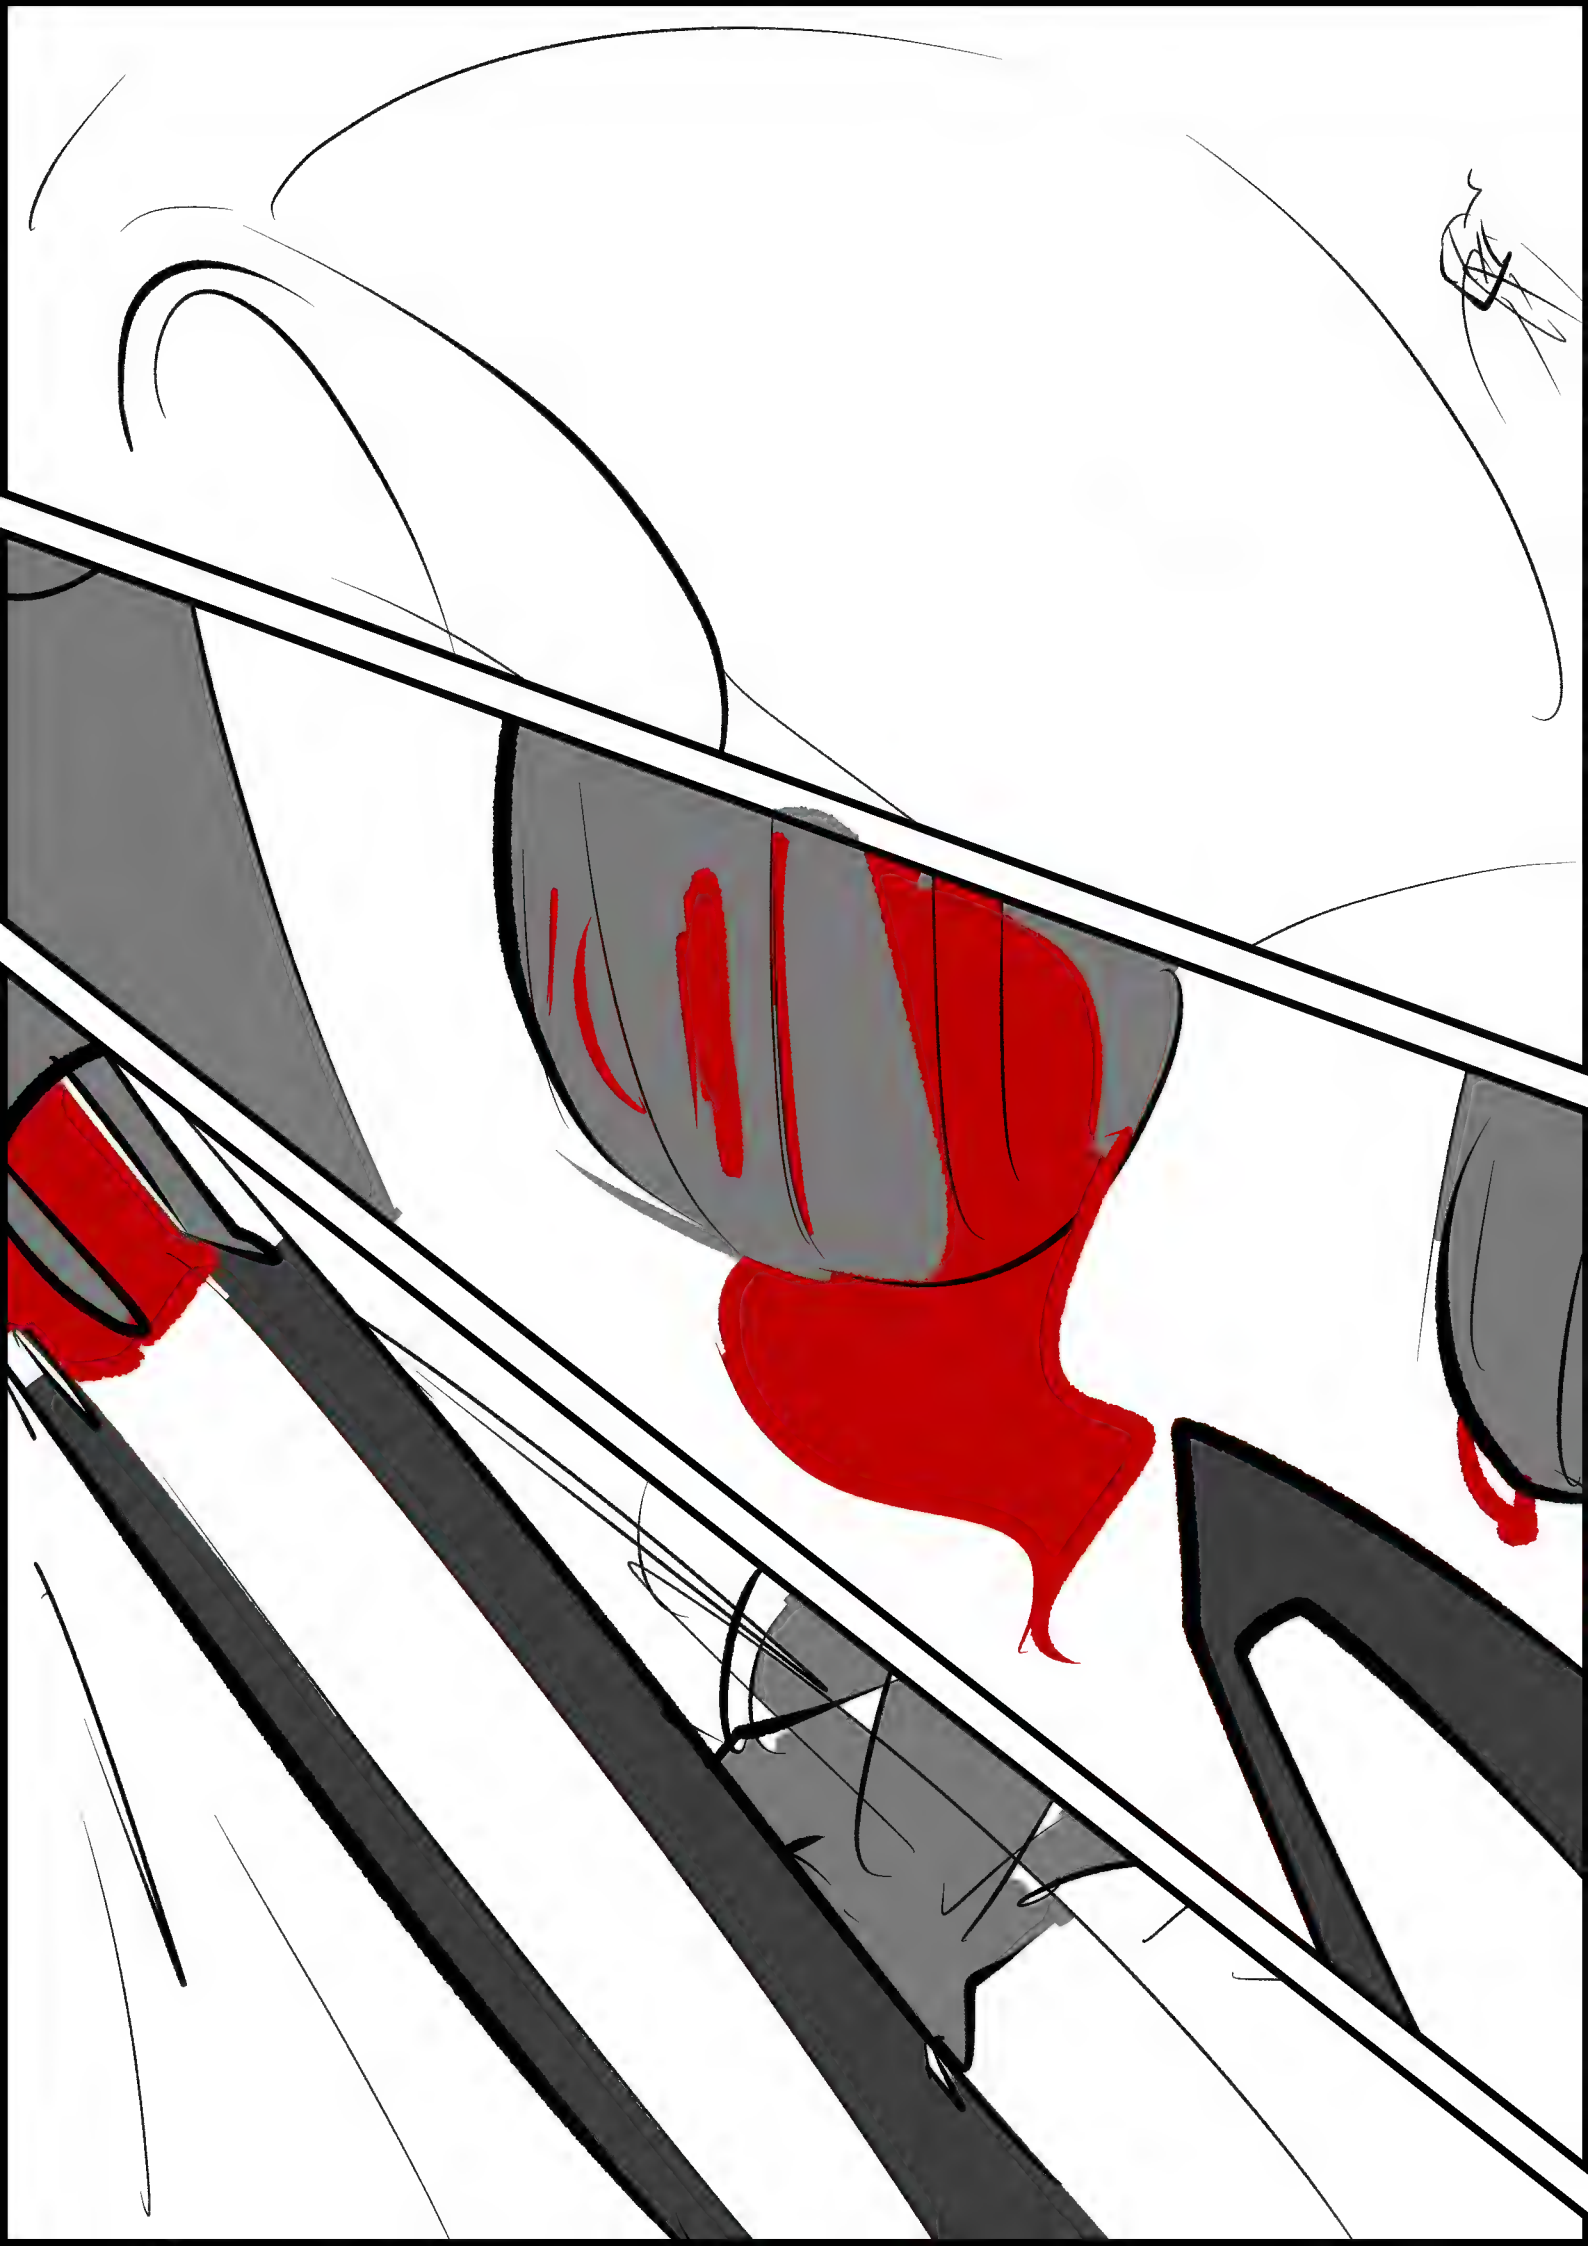

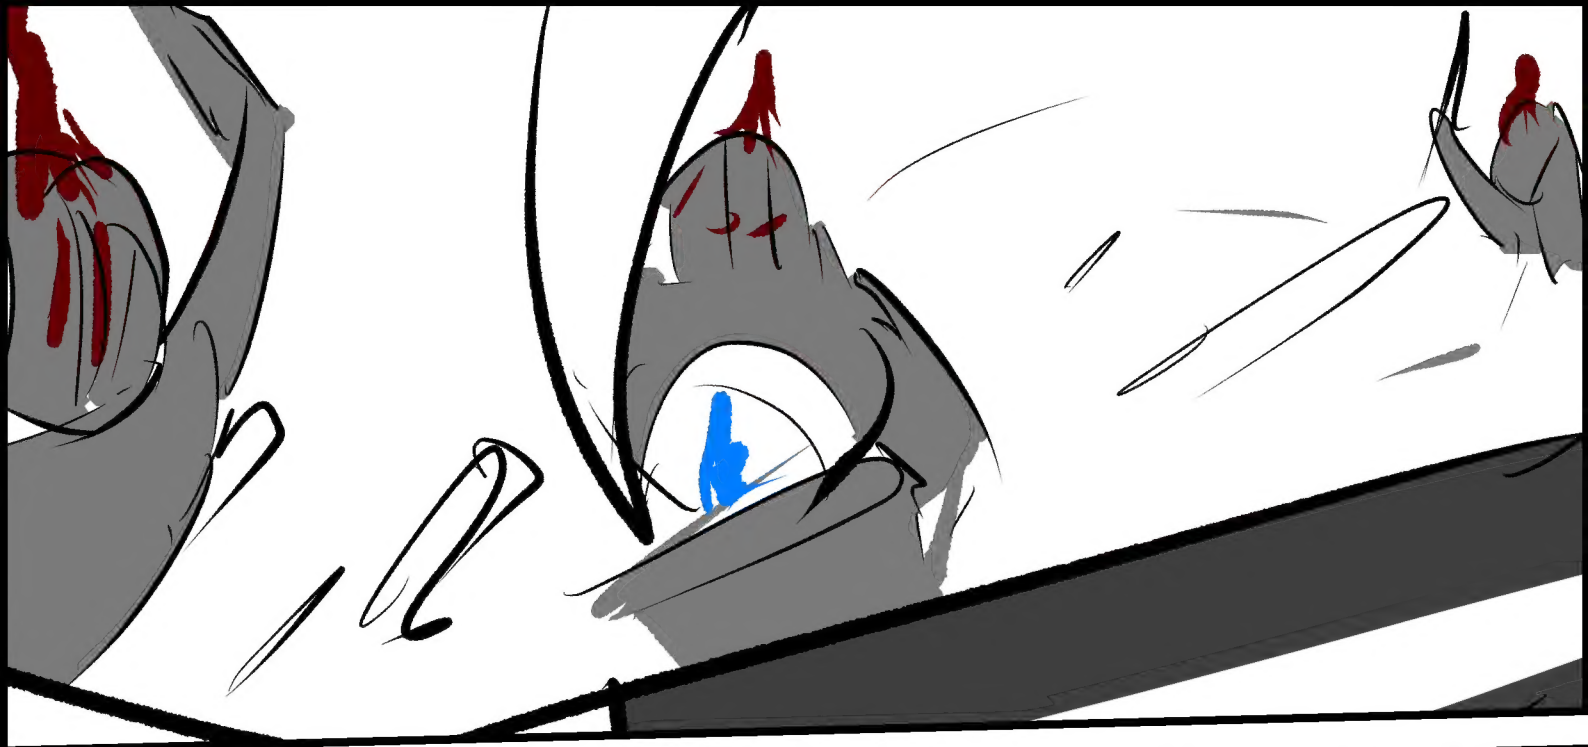

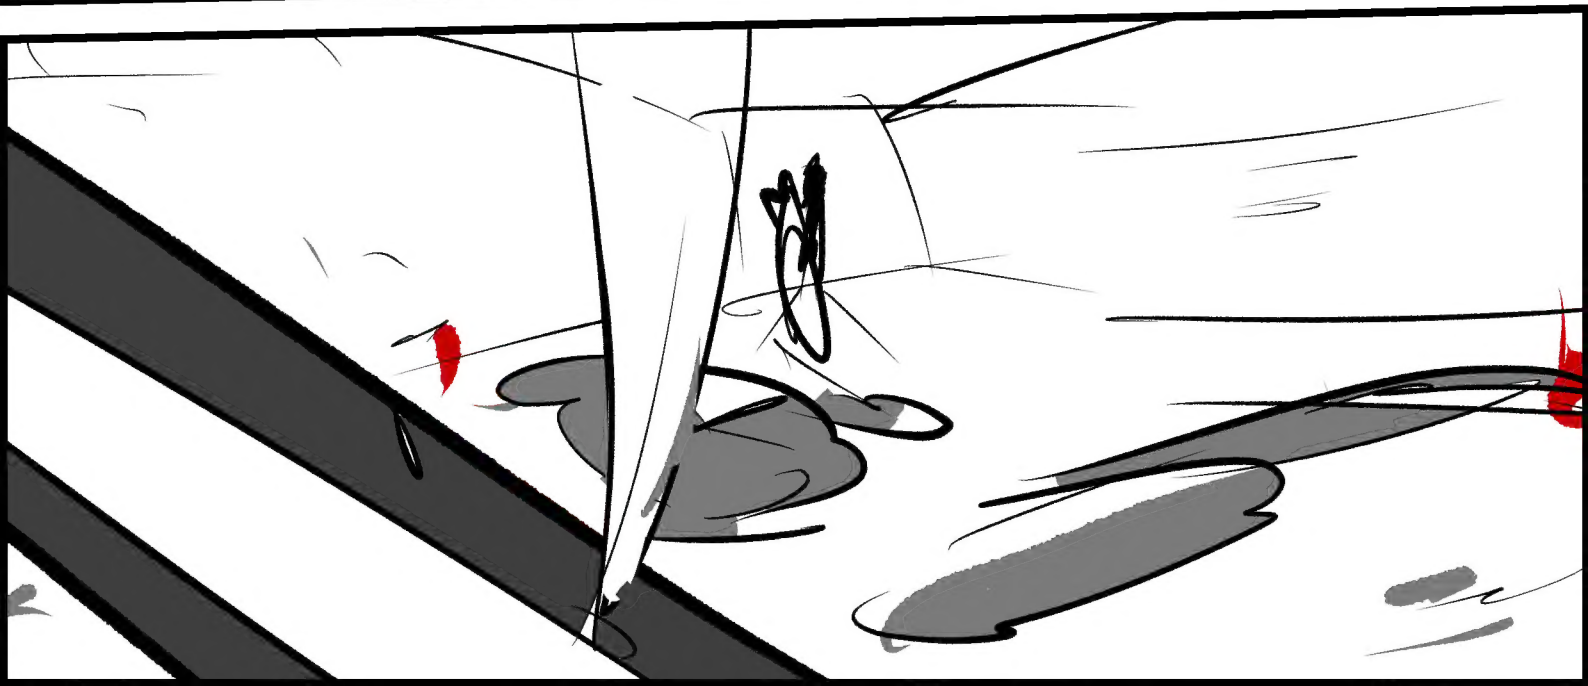

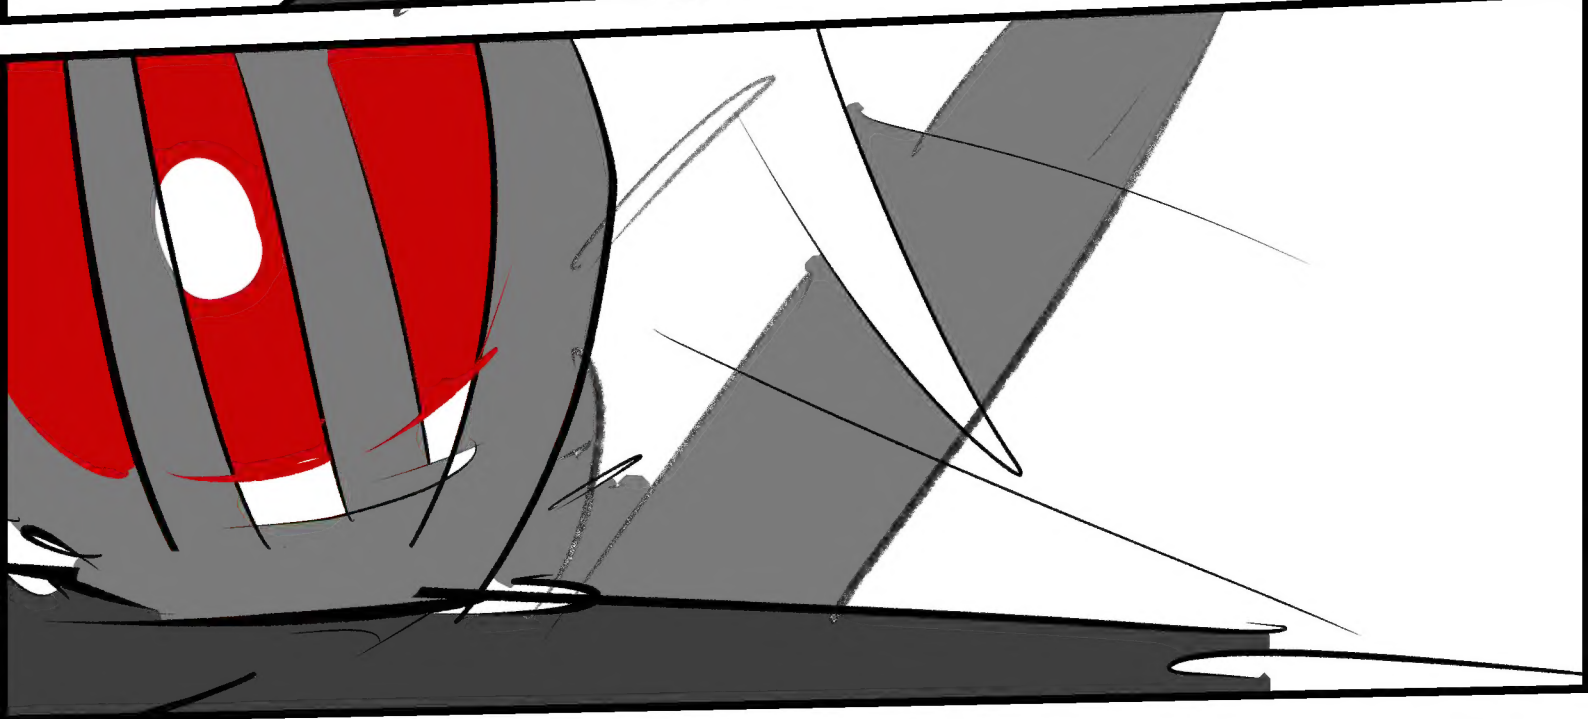

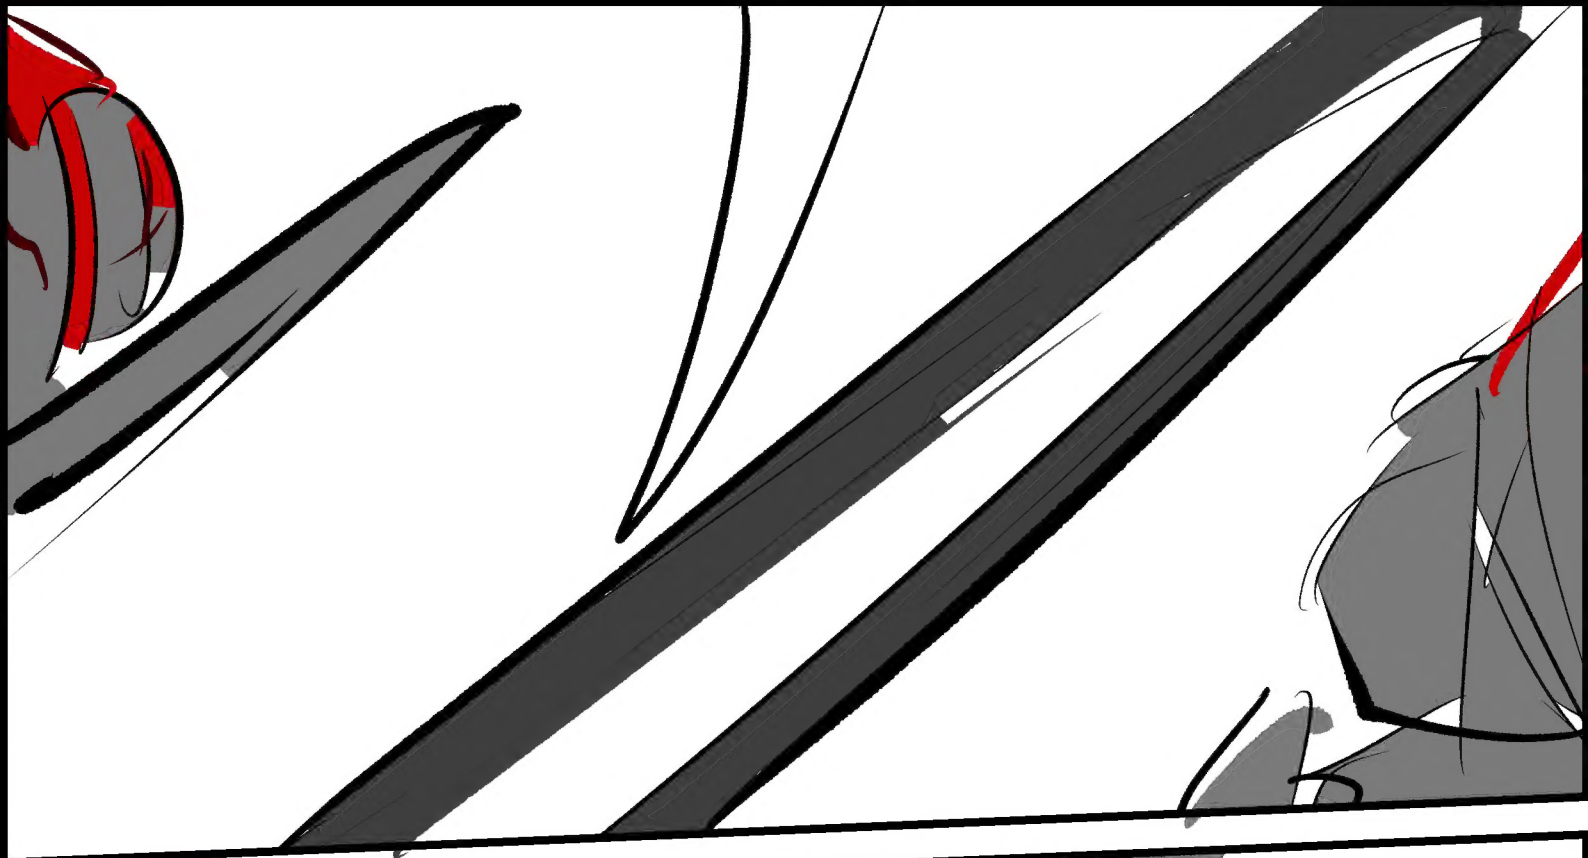

Hey

WAIT!

Soul?

Man!...

These days you can't wake up from a coma without someone trying to put ya in a casket, eh

nearly

did

Hey relax, we all had bad haircuts, they can make anybody go berserk

I'm sorry-

For what, trying to save Maka? That ain't cool

Let's find her for real

Chapter 29  
END
